Language Hacking French - Benny Lewis 2017-03-28 It's true that some people spend years studying French before they finally

get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of French, #LanguageHacking shows you how to learn and speak French through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in French from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the

language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Hope Springs Eternal - Kim Oosterlinck 2016-05-28

In 1918, the Soviet revolutionary government repudiated the Tsarist regime's sovereign debt, triggering one of the biggest sovereign defaults ever. Yet the price of Russian bonds remained high for years. Combing French archival records, Kim Oosterlinck shows that, far from irrational, investors had legitimate reasons to hope for repayment. Soviet debt recognition, a change in government, a bailout by the French government, or French banks, or a seceding country would have guaranteed at least a partial reimbursement. As Greece and other European countries raise the possibility of sovereign default, Oosterlinck's superbly researched study is more urgent than ever.

The Wonder of Lost Causes - Nick Trout 2019-04-30

“THE WONDER OF LOST CAUSES is equal parts heart wrenching and heartwarming as Trout pulls you onto an emotional rollercoaster that is sure to leave your heart filled to the brim. A true testament to the power of love in its purest and most absolute form.” – Rachael Lippincott, New

York Times bestselling author of *Five Feet Apart* In this unforgettable novel, perfect for fans of *An Unexpected Grace* and *A Dog's Way Home*, a single mom and her chronically ill child receive a valuable lesson from an unlikely source—a very special dog who unexpectedly enters their lives and shows them that one person's lost cause can be another's greatest gift . . . Dr. Kate Blunt will do anything for her son, Jasper. Well, almost anything. Since Jasper has the incurable lung disease cystic fibrosis, Kate's always told him he couldn't get a dog. It's a tough call, but she's a single mom taking care of a kid who fights for every breath he takes. The daily medical routine that keeps Jasper alive is complicated enough. Worse still, Kate's personal resolve runs contrary to her work as the veterinarian in charge of a Cape Cod animal shelter, where she is on a mission to find forever homes for dogs in desperate need. The scarred, mistreated wreck of a dog that turns up doesn't stand a chance. Named Whistler, he's too old, too ugly. But the dog forms an instantaneous bond with Jasper. Whistler never makes a sound, yet he speaks to Jasper in a myriad of mysterious ways. The clock's ticking, the dog's future hangs in the balance, and Jasper would do anything to find him a home; but Whistler has chosen them—for a reason.

Angolul Könnyűszerrel - Anthony Bulger 2007-07-01

Con questo corso avrete in mano uno strumento che, sia per la struttura sia per il tono, talvolta umoristico, risulta essenziale e di facile approccio per l'apprendimento dell'inglese in una visuale più ampia di quella prettamente scolastica: proprio attraverso i molteplici aspetti trattati, che pur essendo tradizionali, letterari, di grammatica e di costume, presentano comunque riscontri attuali finalizzati ad un uso quotidiano della lingua secondo le esigenze dei nostri tempi. Oggi ci si può lasciare alle spalle il luogo comune secondo cui l'inglese presenti una tanto elementare grammatica quanto una difficoltosa pronuncia, poichè il corso ha voluto puntare sul fatto che una frase inglese possa essere paragonata ad una cantilena: seguendo quest'ottica vengono resi più chiari l'uso della forma contratta e la cadenza data dagli accenti tonici. Mai come per questa lingua il metodo Assimil ha avuto la migliore applicazione ed il più ampio successo!

Fluent Forever - Gabriel Wyner 2014-08-05

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Gunter Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to

memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Comparative Grammar of Spanish, Portuguese, Italian and French -

Mikhail Petrunin 2018-06-25

Nowadays thousands of grammar books, textbooks, outlines, references and language guides of Spanish, Portuguese, Italian and French are published year by year. However, all of them teach these languages separately. Here you will find a comparative grammar of the four major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to

have a reference book of several Romance languages at once.2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages.3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at home wherever you go, whether as a tourist or businessman.4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help stave off such terrible diseases as Alzheimer's.5) If you have never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do. In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual.
