Dalit Empowerment - Felix Wilfred 2007

Turning Points - A.P.J. Abdul Kalam 2017-08-16

It was like any other day on the Anna University campus in Chennai. As I was returning to my room in the evening, the vice-chancellor, Prof. A. Kalanidhi, fell in step with

me. Someone had been frantically trying to get in touch with me through the day, he said. Indeed, the phone was ringing when I entered the room. When I answered, a voice at the other end said, 'The prime minister wants to talk with you.' Some months earlier, I had left my post as Principal Scientific Adviser to the Government of India to return to teaching. Now, as I spoke to

the PM, Atal Bihari Vajpayee, my life was set for an unexpected change. Turning Points takes up the incredible Kalam story from where Wings of Fire left off. It brings together details from his career and presidency that are not generally known as he speaks out for the first time on certain points of controversy. It is a continuing saga, above all, of a journey - individual and collective - that will take India to 2020 and beyond as a developed nation.

I Came Upon a Lighthouse - Shantanu Naidu 2021

An endearing portrait of an Indian legend I told him that when I write a book, I would write about another side of him and not just historic events or business milestones. I would write about us and our adventures together, and how I saw him, colours and shades of him unknown to the world. Life beyond the great steel wall of 'industry doyen'. He agreed. 'There cannot be one book that captures everything ... So you do your thing, give your perspective.' It was their shared

empathy for homeless dogs that sparked an unlikely friendship. In 2014, Shantanu Naidu, an automobile design engineer in his early twenties, developed an innovation to save the local strays from being run over by speeding cars. Ratan Tata, himself known for his compassion for stray dogs, took note. Impressed, he not only decided to invest in the venture, but over the years became a mentor, boss and an unexpectedly dear friend to Shantanu. I Came Upon a Lighthouse is an honest, light-hearted telling of this uncommon bond between a millennial and an octogenarian that gives glimpses of a beloved Indian icon in a warm light.

Microorganisms for Green Revolution - Deepak G.

Panpatte 2017-12-07

This book addresses basic and applied aspects of two nexus points of microorganisms in agro-ecosystems, namely their functional role as bio-fertilizers and bio-pesticides. Readers will find detailed information on all of the aspects that are required to make a microbe “agriculturally beneficial.” A healthy, balanced soil ecosystem provides a habitat for crops to grow without the need for interventions such as

agro-chemicals. No organism in an agro-ecosystem can flourish individually, which is why research on the interaction of microorganisms with higher forms of life has increasingly gained momentum in the last 10-15 years. In fact, most of plants’ life processes only become possible through interactions with microorganisms. Using these “little helpers” as a biological alternative to agro-chemicals is a highly contemporary field of research. The information presented here is based on the authors’ extensive experience in the subject area, gathered in the course of their careers in the field of agricultural microbiology. The book offers a valuable resource for all readers who are actively involved in research on agriculturally beneficial microorganisms. In addition, it will help prepare readers for the future challenges that climate change will pose for agriculture and will help to bridge the current gaps between different scientific communities.

'A very useful book for all involved in the task of hiring high-potential talent' - Azim Premji, Chairman, Wipro Ltd

Qualification, experience, competence and personality - how should a manager weigh these while recruiting? Does it pay to take on a 'star' performer? What, indeed, is the secret of good hiring? There's no organizational process more important than recruitment. However, traditional resume- and interview-based hiring often does not account for the most important factor: personality. But what individual traits must one measure, and how? Skilled interviewers know that the trick lies in not just asking questions that challenge the candidate, but in figuring out whether his or her answer reveals a fit between the company's expectations and the personality of the interviewee. In *Don't Hire the Best*, Abhijit Bhaduri brings his vast experience in leading HR teams at Wipro, Microsoft, PepsiCo, Colgate and Tata Steel to answer these and related

questions on hiring judiciously. Bhaduri particularly underlines here the difference between hiring the right fit vis-a-vis hiring the "best". He includes case studies ranging from entrepreneurial start-ups with barely a handful of people in leadership roles to large global organizations, and provides a comprehensive guide on how to balance the person, the role and the company culture - the only way to appoint people who will be successful.

in urban Chennai, the book explores the diverse geographical, cultural, social, economic and linguistic settings in which the Bible is encountered. The holistic and multidisciplinary approach to Biblical studies adopted broadens the field beyond textual exegesis. Encounters with the Bible are revealed in diverse chapters impacted by contexts of caste realities, the history of Indian Christianity, colonial and post-colonial frameworks, and educational institutions. Full use is made of 'vernacular' texts and traditions including oral and written cultural, folk tale, literary and auto/biographical narratives in Tribal, Dalit and British colonial settings. Diversity of method is championed through including sociological analysis of Indian social realities, qualitative fieldwork techniques and a kaleidoscope of visual and sensory environments with over 30 photographs. The book celebrates and promotes diversity in Indian biblical studies, creativity and sometimes conflicting

perspectives. Encountering Diversity in Indian Biblical Studies will be of interest to students, scholars, and researchers working on postcolonial biblical studies and diversity in Christianity, particularly in the Indian context.

Running with Scissors -

Augusten Burroughs

2010-04-01

Now including an excerpt from *Lust & Wonder*, a new memoir coming in March 2016. *Running with Scissors* is the true story of a boy whose mother (a poet with delusions of Anne Sexton) gave him away to be raised by her psychiatrist, a dead-ringer for Santa and a lunatic in the bargain. Suddenly, at age twelve, Augusten Burroughs found himself living in a dilapidated Victorian in perfect squalor. The doctor's bizarre family, a few patients, and a pedophile living in the backyard shed completed the tableau. Here, there were no rules, there was no school. The Christmas tree stayed up until summer, and Valium was eaten like Pez. And when things got dull, there was always the vintage electroshock therapy machine under the stairs.... *Running with Scissors* is at turns foul and harrowing, compelling and maniacally funny. But above all,

it chronicles an ordinary boy's survival under the most extraordinary circumstances.

Hindutva or Hind Swaraj - U. R. Ananthamurthy 2018-03-05

Born out of a meditation on the ideas of the nation state and nationalism, and what the new power structures and centres mean for the very idea of India, *Hindutva or Hind Swaraj* is a manifesto -- written in the form of aphorisms, using shifting tones and styles to make a deep, elegant and heartfelt point about the human cost of radicalization. This last work of Jnanpith award winner and pre-eminent writer U.R.

Ananthamurthy is a creative response to the rise of *Hindutva* nationalism in India.

Juxtaposing V.D. Savarkar's idea of *Hindutva* with M.K.

Gandhi's concept of *Hind Swaraj*, the book examines the two directions that were open to India at the time of Independence.

my tears ready to fall. But I was all alone in feeling like this: around me it was a holiday, the streets were swept and strewn with coconut leaves, the sky was blue and cloudless ... As if I was in a trance, I felt hands putting the tali around my neck and tying three knots in the string. Without thinking I prostrated myself before the burning camphor. We were married." Viramma recalls her marriage at the age of 11. Viramma tells her fascinating life story with the unsentimentality, humour and dramatic sense of a born storyteller: her care free childhood; her marriage before puberty; giving birth to twelve children 'very gently, like stroking a rose'; adult life as an agricultural worker 'condemned to bake in the sun'; tales of gods and malign forces, like Irsi Katteri 'the foetus-eater', who cast their shadows over her daily life. Told over ten years to Josiane and Jean-Luc Racine, this is an intensely personal and moving self-portrait, informed by a sense of profound social change in contemporary India. To

emancipationists Viramma is a Dalit, one of the oppressed; to Gandhians she is Harijan, a daughter of God; in her village she is still treated as an Untouchable, a Pariah. In this remarkable book she reveals the world of an extraordinary woman living at the very margins of Indian society.

educated by Canadian missionaries in the 1930s, making it possible for Gidla to attend elite schools and move to America at the age of twenty-six. It was only then that she saw how extraordinary—and yet how typical—her family history truly was. Her mother, Manjula, and uncles Satyam and Carey were born in the last days of British colonial rule. They grew up in a world marked by poverty and injustice, but also full of possibility. In the slums where they lived, everyone had a political side, and rallies, agitations, and arrests were commonplace. The Independence movement promised freedom. Yet for untouchables and other poor and working people, little changed. Satyam, the eldest, switched allegiance to the Communist Party. Gidla recounts his incredible transformation from student and labor organizer to famous poet and founder of a left-wing guerrilla movement. And Gidla charts her mother's battles with caste and women's oppression.

Page by page, Gidla takes us into a complicated, close-knit family as they desperately strive for a decent life and a more just society. A moving portrait of love, hardship, and struggle, *Ants Among Elephants* is also that rare thing: a personal history of modern India told from the bottom up. At the heart of this "wonderful" novel are the moving relationships between the estranged members of the Das family (The Washington Post Book World). Bimla is a dissatisfied but ambitious teacher at a women's college who lives in her childhood home, where she cares for her mentally challenged brother, Baba. Tara is her younger, unambitious sister, married and with children of her own. Raja is their popular, brilliant, and successful brother. When Tara

returns for a visit with Bimla and Baba, old memories and tensions resurface, blending into a domestic drama that leads to beautiful and profound moments of self-understanding. Set in the vividly portrayed environs of Old Delhi, "Clear Light of Day does what only the very best novels can do: it totally submerges us. It also takes us so deeply into another world that we almost fear we won't be able to climb out again" (The New York Times Book Review). "Passages must be read and reread so that you savor their imagery, their language, and their wisdom." —The Washington Post Book World "[A] thoroughly universal tale of unhealable family hurts . . . South Asia's Christians -

Chandra Mallampalli 2023

South Asia is home to more than a billion Hindus and half a billion Muslims. But the region is also home to substantial Christian communities, some dating almost to the earliest days of the faith. The stories of South Asia's Christians are vital for understanding the shifting contours of World Christianity, precisely because of their history of interaction with members of these other religious traditions. In this broad, accessible overview of South Asian Christianity, Chandra Mallampalli shows how the faith has been shaped by Christians' location between Hindus and Muslims.

Mallampalli begins with a discussion of South India's ancient Thomas Christian tradition, which interacted with West Asia's Persian Christians and thrived for centuries alongside their Hindu and Muslim neighbours. He then underscores efforts of Roman Catholic and Protestant

missionaries to understand South Asian societies for purposes of conversion. The publication of books and tracts about other religions, interreligious debates, and aggressive preaching were central to these endeavours, but rarely succeeded at yielding converts. Instead, they played an important role in producing a climate of religious competition, which ultimately marginalized Christians in Hindu-, Muslim-, and Buddhist-majority countries of post-colonial South Asia. Ironically, the greatest response to Christianity came from poor and oppressed Dalit (formerly untouchable) and tribal communities who were largely indifferent to missionary rhetoric. Their mass conversions, poetry, theology, and embrace of Pentecostalism are essential for understanding South Asian Christianity and its place within World Christianity today.

“Women always face violence from men. Equality is only preached, but not put into practice. Dalit women face more violence every day, and they will continue to do so until society changes and accepts them as equals.” — Bharati from Andra Pradesh The right to equality regardless of gender and caste is a fundamental right in India. However, the Indian government has acknowledged that institutional forces arraigned against this right are powerful and shape people’s mindsets to accept pervasive gender and caste inequality. This is no more apparent than when one visits Dalit women living in their caste-segregated localities. Vulnerably positioned at the bottom of India’s gender, caste and class hierarchies, Dalit women experience the outcome of severely imbalanced social, economic and political power equations in terms of endemic caste-class-gender discrimination and violence. This study presents an

analytical overview of the complexities of systemic violence that Dalit women face through an analysis of 500 Dalit women’s narratives across four states. Excerpts of these narratives are utilised to illustrate the wider trends and patterns of different manifestations of violence against Dalit women. Published by Zubaan.

Dalit Text - Judith Misrahi-Barak 2019-06-18

This book, companion to the much-acclaimed *Dalit Literatures in India*, examines questions of aesthetics and literary representation in a wide range of Dalit literary texts. It looks at how Dalit literature, born from the struggle against social and political injustice, invokes the rich and complex legacy of oral, folk and performative traditions of marginalised voices. The essays and interviews systematically explore a range of literary forms, from autobiographies, memoirs and other testimonial narratives, to poems, novels or short stories, foregrounding the diversity of Dalit creation. Showcasing the interplay

between the aesthetic and political for a genre of writing that has 'change' as its goal, the volume aims to make Dalit writing more accessible to a wider public, for the Dalit voices to be heard and understood. The volume also shows how the genre has revolutionised the concept of what literature is supposed to mean and define. Effervescent first-person accounts, socially militant activism and sharp critiques of a little-explored literary terrain make this essential reading for scholars and researchers of social exclusion and discrimination studies, literature (especially comparative literature), translation studies, politics, human rights and culture studies.

Omprakash Valmiki describes his life as an untouchable, or Dalit, in the newly independent India of the 1950s. "Joothan" refers to scraps of food left on a plate, destined for the garbage or animals. India's untouchables have been forced

to accept and eat joothan for centuries, and the word encapsulates the pain, humiliation, and poverty of a community forced to live at the bottom of India's social pyramid. Although untouchability was abolished in 1949, Dalits continued to face discrimination, economic deprivation, violence, and ridicule. Valmiki shares his heroic struggle to survive a preordained life of perpetual physical and mental persecution and his transformation into a speaking subject under the influence of the great Dalit political leader, B. R. Ambedkar. A document of the long-silenced and long-denied sufferings of the Dalits, Joothan is a major contribution to the archives of Dalit history and a manifesto for the revolutionary transformation of society and human consciousness.

Government Brahmana - Aravinda Mālagatti 2007-01-01
Government Brahmana is the English translation of the Kannada autobiography of Aravind Malagatti. The

autobiographical narrative is in the form of a series of episodes from the author's childhood and youth. These episodes function as what G.N. Devy calls epiphanic moments in a caste society. The author reflects on specific instances from his childhood and student days that illustrate the normative cruelty practiced by caste Hindu society on dalits. We encounter all the tropes of (male) dalit life: is isolation in school where even drinking water is an ordeal; life in the village where dalits perform the filthiest tasks but are denied access to common wells, lakes, where they cannot step into shops and therefore have their purchases thrown at them, where they have to cut their own hair because no barber would touch it; consuming dead-animal meat and innards; doomed love affairs with `upper caste women. A painful, disturbing, thought-provoking memoir, this text is conversely full of vitality, even tenderness. In its structure and purpose as a series of notes towards a dalit autobiography Government

The Man Who Bombed Karachi: A Memoir - Admiral S.M. Nanda
2015-10-01

Admiral S.M. Nanda started his career with the Royal Indian Navy. The post-Independence days posed a challenge for the nation and its defence forces and, as a young officer, he witnessed the fledgling navy grow from strength to strength. The crowning glory of his career, which spanned thirty-two years, came when he was appointed Chief of Naval Staff at a time when tensions with Pakistan were at their peak and the government was looking for a firm hand at the helm. He achieved distinction and honour for the remarkable role he played in the 1971 war for the liberation of Bangladesh, devising tactics to neutralize the Pakistan navy. The main target was the Karachi port, where the bulk of the Pakistan fleet was stationed. In his memoir, Admiral S.M. Nanda focuses on this significant event, providing a detailed account of

how the Indian Navy carried out the operation. The Man Who Bombed Karachi is the inspiring story of how a childhood fascination for the sea led an outstanding officer to rise to the pinnacle of India's armed forces. It gives a glimpse into life in the Royal Indian Navy, with a dramatic rebellion by Indian sailors against their British superiors, and traces its evolution into an organization that is today a force to reckon with globally. Most of all, it is an insider's authentic account of the inventive naval strategies that led to one of India's biggest victories in war to date.

It also studies the evolution of the conceptual and theoretical foundations of caste and power relations, and maps their emergence from communicative resources and practices. One can love Rajinikanth as millions do, one can hate him, as his detractors do, but the fact also remains no one can ignore him. None can shrug away his presence unless he or she is extremely insensitive to the film world. The book painstakingly seeks to

record every nuance of Rajinikanth`s life: the joys and sorrows, the pains and ecstasies, loves and betrayals. It also does not shy away from underlining the two extremes that have remained an intrinsic part of his highly eventful career: the human and the divine. The book tells the essential truth about Rajinikanth that has thus far remained unknown to his vast fan following.
