

# Akauntabiliti Dan Integriti Dalam Pengurusan Kewangan

Right here, we have countless books **akauntabiliti dan integriti dalam pengurusan kewangan** and collections to check out. We additionally give variant types and next type of the books to browse. The suitable book, fiction, history, novel, scientific research, as with ease as various other sorts of books are readily clear here.

As this akauntabiliti dan integriti dalam pengurusan kewangan, it ends happening physical one of the favored book akauntabiliti dan integriti dalam pengurusan kewangan collections that we have. This is why you remain in the best website to see the amazing books to have.

**The United States of Trump** - Bill O'Reilly  
2019-09-24

A rare, insider's look at the life of Donald Trump from Bill O'Reilly, the bestselling author of the Killing series, based on exclusive interview material and deep research Readers around the

world have been enthralled by journalist and New York Times bestselling author Bill O'Reilly's Killing series—riveting works of nonfiction that explore the most famous events in history. Now, O'Reilly turns his razor-sharp observations to his most compelling subject thus far—President

Donald J. Trump. In this thrilling narrative, O'Reilly blends primary, never-before-released interview material with a history that recounts Trump's childhood and family and the factors from his life and career that forged the worldview that the president of the United States has taken to the White House. Not a partisan pro-Trump or anti-Trump book, this is an up-to-the-minute, intimate view of the man and his sphere of influence—of "how Donald Trump's view of America was formed, and how it has changed since becoming the most powerful person in the world"—from a writer who has known the president for thirty years. This is an unprecedented, gripping account of the life of a sitting president as he makes history. As the author will tell you, "If you want some insight into the most unlikely political phenomenon of our lifetimes, you'll get it here."

Effective Supervision - David L. Goetsch 2002  
Containing ten years of experience, this complete "seminar in a book" includes success

tips for supervisors, and "hands-on, real-world" activities that teach the many and varied skills necessary for success in today's workplace. It develops individuals who know not only about supervision, but who know how to supervise. Chapter topics cover leadership, facilitating change, communication, ethics, motivation, decision making and problem solving, performance appraisal, employee complaints, workplace violence, legal issues, training, health and safety, staffing, and team building and teamwork. For supervisors, team leaders, and work coaches--for on-the-job training, business and industry seminars, and distance learning.  
**Periuk Nasi** - Mohammad Syazwannuddin bin Shaharudin et al 2016-12-05

*Dewan masyarakat* - 2014

**The Digital Hand** - James W. Cortada  
2005-11-03

The Digital Hand, Volume 2, is a historical

survey of how computers and telecommunications have been deployed in over a dozen industries in the financial, telecommunications, media and entertainment sectors over the past half century. It is past of a sweeping three-volume description of how management in some forty industries embraced the computer and changed the American economy. Computers have fundamentally changed the nature of work in America. However it is difficult to grasp the full extent of these changes and their implications for the future of business. To begin the long process of understanding the effects of computing in American business, we need to know the history of how computers were first used, by whom and why. In this, the second volume of *The Digital Hand*, James W. Cortada combines detailed analysis with narrative history to provide a broad overview of computing's and telecommunications' role in over a dozen industries, ranging from Old Economy sectors

like finance and publishing to New Economy sectors like digital photography and video games. He also devotes considerable attention to the rapidly changing media and entertainment industries which are now some of the most technologically advanced in the American economy. Beginning in 1950, when commercial applications of digital technology began to appear, Cortada examines the ways different industries adopted new technologies, as well as the ways their innovative applications influenced other industries and the US economy as a whole. He builds on the surveys presented in the first volume of the series, which examined sixteen manufacturing, process, transportation, wholesale and retail industries. In addition to this account, of computers' impact on industries, Cortada also demonstrates how industries themselves influenced the nature of digital technology. Managers, historians and others interested in the history of modern business will appreciate this historical analysis of digital

technology's many roles and future possibilities in an wide array of industries. The Digital Hand provides a detailed picture of what the infrastructure of the Information Age really looks like and how we got there.

**Inculcating values and excellent work culture in the public administration of Malaysia** - A. H. Ahmad Sarji 1993

*Dewan bahasa* - 2013

Risk, Crisis and Security Management - Edward P. Borodzicz 2005-07-11

This book has two aims. First, to consider how risk, crisis and security, may be linked in an organisational context. Second, to review the role of, simulation and gaming in responding to these phenomena. Historically, risk has been an established concept of academic interest for some time in both the pure and social sciences. Risk however, remains a subject of intense social and political controversy. How we manage risk

appears to dominate every debate from providing social services such as health, transport and public safety to the regulation of corporate activity. Debates about the theory and practice of security management are less developed. This book will inform the debate by considering the relationships between risk and security. Includes case studies such as the Kings Cross underground disaster, September 11, Hong Kong race track fire, Arthur Anderson and London ambulance computer failure

Pentadbiran dan pengurusan awam Malaysia - 2006

Public administration system and civil service in Malaysia.

**Etika dan integriti di Malaysia** - 2005

Issues regarding ethics and integrity culture in Malaysia; collection of articles.

Responsibility Center Budgeting - Edward Whalen 1991-12-22

"This book is refreshing in many ways. . . . it calls attention to a most important and timely

topic . . . in a conversational and witty manner . . . Considering the subject, this is a most pleasant read." —Journal of Higher Education Notoriously unbusinesslike in their budgeting and management techniques, colleges and universities need a rational tool for sound fiscal management. This book, based on Indiana University's shift to responsibility center budgeting in 1987, treats both the conceptual and the philosophical bases for the system together with ground-level experience. The bottom line: a decentralized, incentive-based approach to budgeting empowers deans and other center managers to accomplish their missions in a more efficient manner.

Megaprojects and Risk - Bent Flyvbjerg

2003-02-13

Megaprojects and Risk provides the first detailed examination of the phenomenon of megaprojects. It is a fascinating account of how the promoters of multi-billion dollar megaprojects systematically and self-servingly

misinform parliaments, the public and the media in order to get projects approved and built. It shows, in unusual depth, how the formula for approval is an unhealthy cocktail of underestimated costs, overestimated revenues, undervalued environmental impacts and overvalued economic development effects. This results in projects that are extremely risky, but where the risk is concealed from MPs, taxpayers and investors. The authors not only explore the problems but also suggest practical solutions drawing on theory, experience and hard, scientific evidence from the several hundred projects in twenty nations and five continents that illustrate the book. Accessibly written, it will be the standard reference for students, scholars, planners, economists, auditors, politicians and interested citizens for many years to come.

**Public School Finance** - Kern Alexander 1995

This book is designed as a "building-block approach to understanding the financing of

public schools in the U.S. The philosophical and historical basis for financing public schools is presented and integrated with the economic rationale for public investment in education.

*The Russia Hoax* - Gregg Jarrett 2019-02-12  
Fox News legal analyst Gregg Jarrett reveals the real story behind Hillary Clinton's deep state collaborators in government and exposes their nefarious actions during and after the 2016 election. The Russia Hoax reveals how persons within the FBI and Barack Obama's Justice Department worked improperly to help elect Hillary Clinton and defeat Donald Trump in the 2016 presidential election. When this suspected effort failed, those same people appear to have pursued a contrived investigation of President Trump in an attempt to undo the election results and remove him as president. The evidence suggests that partisans within the FBI and the Department of Justice, driven by personal animus and a misplaced sense of political righteousness, surreptitiously acted to subvert

electoral democracy in our country. The book will examine: How did Hillary Clinton manage to escape prosecution despite compelling evidence she violated the law? Did Peter Strzok, James Comey, Andrew McCabe, Loretta Lynch, and others obstruct justice by protecting Clinton? Why was there never a legitimate criminal investigation of Clinton in the Uranium One case? Are the text messages exchanged between Strzok and FBI lawyer Lisa Page evidence of a concerted effort to undermine the electoral process? Was there ever any real evidence of "collusion" between Trump and the Russians? Did Trump obstruct justice in the firing of Comey or was he legally exercising his constitutional authority? Did the FBI and DOJ improperly use a discredited "dossier" about Trump to obtain a FISA warrant to spy on Trump associates? Should Muller have disqualified himself under the special counsel law based on glaring conflicts of interest? Was fired National Security Adviser Michael Flynn unfairly charged

with making a false statement? With insightful analysis and a fact-filled narrative, *The Russia Hoax* delves deeply into Democrat wrongdoing.

**Reallocating Resources** - Allan Odden 2001  
Chapter 1, "Step 1: The Change Process," focuses on the change process and describes why and how schools engage in program restructuring and resource allocation. Chapter 2, "Step 2: Defining a New Educational Strategy," discusses decisions that must be made about the regular education program and how the various schools adopted, adapted or created curriculum and instructional strategies. Chapter 3, "Step 3: Organizing and Staffing the School to Support the New Educational Strategy," shows how core educational strategy decisions determine the cost structure of schools. It addresses such issues as student grouping, class size, planning and preparation time, and professional development. Chapter 4, "Step 4: Deciding How to Serve Students Who Need Extra Help," describes the resource

requirements of choices for serving special needs students, including expensive new strategies funded through resource allocation. Chapter 5, "Step 5: Paying for the Changes," reviews the resource allocation strategies to pay for expensive new educational programs by such staff categories as regular classroom teachers, regular education specialists, remedial specialists, pupil support specialists, instructional aides, and other staff. Chapter 6, "Step 6: Effects of Resource Reallocation and District Roles to Support Such Change," examines how reallocation and restructuring strategies at two schools helped increase student achievement. (Contains 87 references.) (TEJ)

**The Digital Hand** - James W. Cortada 2004  
This text provides a historical perspective on how some of the most important American industries used computing over the past half century, describing their experience, their best practices, and the role of industries and

technologies in changing the nature of American work.

*Enhancing Board Effectiveness* - Franklin N. Ngwu 2019-03-07

Enhancing Board Effectiveness seeks to examine the conceptualization and role of the board in a variety of contexts and articulate solutions for improving the effectiveness of the board, especially in developing and emerging markets. Enhancing Board Effectiveness will therefore address the following central questions: To what extent is the concept and role of the board evolving? What rights, powers, responsibilities and other contemporary and historical experiences can enhance the effectiveness of the board, especially in the particular contexts of developing and emerging markets? What socio-economic, political, regulatory and institutional factors/actors influence the effectiveness of the board and how can the policies and practices of such actors exert such influences? In what ways can a reconstructed concept of the board serve

as a tool for theoretical, analytical, regulatory and pragmatic assessment of its effectiveness? In examining this issues, Enhancing Board Effectiveness will investigate theoretical, socio-economic, historical, empirical, regulatory, comparative and inter-disciplinary approaches. Academics in the relevant fields of accounting, behavioural psychology/economics, development studies, financial regulation, law and management/organizational studies, political economy and, public administration will find this book of high interest.

*Understanding and Managing Risk Attitude* - Dr David Hillson 2012-03-01

Despite many years of development, risk management remains problematic for the majority of organizations. One common challenge is the human dimension, in other words, the way people perceive risk and risk management. Risk management processes and techniques are operated by people, each of whom is a complex individual, influenced by

many different factors. And the problem is compounded by the fact that most risk management involves people working in groups. This introduces further layers of complexity through relationships and group dynamics. David Hillson's and Ruth Murray-Webster's *Understanding and Managing Risk Attitude* will help you understand the human aspects of risk management and to manage proactively the influence of human behaviour on the risk process. The authors introduce a range of models, perspectives and examples to define and detail the range of possible risk attitudes; looking both at individuals and groups. Using leading-edge thinking on self-awareness and emotional literacy, they develop a powerful approach to address the most common shortfall in current risk management: the failure to manage the human aspects of the process. All this is presented in a practical and applied framework, rather than as a theoretical or academic treatise, based on the authors' shared

experiences and expertise, rather than empirical research. Anyone involved in implementing risk management will benefit from this book, including risk practitioners, senior managers and directors responsible for corporate governance, project managers and their teams. It is also essential reading for HR professionals and others interested in organizational or behavioural psychology. This second edition is updated to strengthen the understanding of individual risk attitudes and reinforce what individuals can do to manage those risk attitudes that are leading them away from their objectives. For people who want to embrace this subject, the book highlights ways forward that are proven and practical.

**Mengurus Kewangan Sekolah - Edisi Ke 2** - Shahril@Charil bin Marzuki 2006

Buku pertama yang membincangkan secara terperinci berkaitan pengurusan kewangan sekolah rendah dan menengah.

*Advances in Management Accounting* - Laurie L.

Burney 2019-07-16

This volume of *Advances in Management Accounting* explores a variety of current issues through rigorous academic research. Topics include the link between CEO compensation and the 2008 financial crisis, the association between performance-based pay and employee honesty, and more.

**Zakat** - Abdul Ghafar Ismail 2006

Management and implementation of zakat according to Islamic law and its possibility in supporting economic development in Malaysia; collection of articles.

*Politik Malaysia* - Ghazali bin Mayudin 2002

On politics and government, international relations, and public administration of Malaysia; collection of articles.

*Tadbir Urus Korporat* -

*Strategic Management for Public and Nonprofit Organizations* - Alan W. Steiss 2019-02-13

The central resource for process improvement

and innovation, this book includes valuable techniques to identify and improve organizational processes, as well as manage the change that accompanies implementation.

*Strategic Management for Public and Nonprofit Organizations* discusses SWOT analysis, TQM, systematic innovation, Six Sigma, quality function deployment, and more. *Beberapa rujukan dan komen terhadap Ketua Setiausaha Negara* - 1996

Collected clippings on Malaysia's public services and on Tan Sri Ahmad Sarji Abdul Hamid.

**Perjuangan memperkasakan pendidikan di Malaysia** - Azis Nik Pa (Nik.) 2008

Issues on the development of education in Malaysia from 1957 to 2007; collection of articles.

**Handbook of Personality Psychology** - Robert Hogan 1997-06-12

The most comprehensive single volume ever published on the subject, the *Handbook of Personality Psychology* is the end-all, must-have reference work for personality psychologists.

This handbook discusses the development and measurement of personality as well as biological and social determinants, dynamic personality processes, the personality's relation to the self, and personality in relation to applied psychology. Authored by the field's most respected researchers, each chapter provides a concise summary of the subject to date. Topics include such areas as individual differences, stability of personality, evolutionary foundations of personality, cross-cultural perspectives, emotion, psychological defenses, and the connection between personality and health. Intended for an advanced audience, the Handbook of Personality Psychology will be your foremost resource in this diverse field. Chapter topics include: \* Nature of personality psychology \* Conceptual and measurement issues in personality \* Developmental issues \* Biological determinants of personality \* Social determinants of personality \* Dynamic personality processes \* Personality and the self \*

The Five Factor Model \* Applied psychology  
**Controlling Modern Government** -  
Christopher Hood 2005-01-01  
Are public sector institutions being exposed to ever-greater oversight, audit and inspection in the name of efficiency, accountability and risk management? "Controlling Modern Government" explores the long-term development of controls over government across five major state traditions in developed democracies - US, Japan, variants of continental-European models, a Scandinavian case and variants of the Westminster model. A central aspect of the study is an eight country comparison of variety in the use of controls based in oversight, competition, mutuality and contrived randomness in the selected domains of the high bureaucracy at the core of the state, the higher education sector and the prison sector. Countries covered include Australia, France, Germany, Japan, the Netherlands, Norway, the UK and the USA. Providing a comparison of trends in the last

quarter century in control over public sector activities in OECD countries, this book will be invaluable reading for academics and graduate students focussing on political science and public administration, as well as policymakers in OECD countries.

Peneraju warisan gemilang - Abdullah bin Haji Ahmad Badawi (Datuk) 2003  
Socioeconomic, political, and educational issues in Malaysia; collection of speeches.

**Cat Notebook** - Cat Notebook 2019-09-02

Looking for a great gift idea for a quilter? Need a new journal in your life? This Unique and Funny Journal Notebook is sure to please and make the perfect Christmas or birthday present for men or women. 100 7.44 x 9.69 Lined Pages are provided for you to put your thoughts, hopes, experiences, likes, and dislikes. With a glossy, full-color soft cover, this lined notebook is as practical as it is cool. And is the ideal size for lined journals for kids, journals for women to write in and makes an excellent birthday journal

notebook gift. It could also be used as a diary to record all your creative self-expression such as poetry, short stories or self-help affirmations. Desired Creatives Journals are perfect for: Birthday Gifts Christmas Gifts Co-worker/Boss Gifts Journals & Planners Doodle Diaries Homeschool Planners for Kids Food Diaries Sheet Music Creative Writing Notebooks Gifts for Mom, Dad, Grandma, Grandpa, Cousins, Brother, Sister Retirement Gifts School Notebooks Graduation Gifts Thank You Gifts Teacher Gifts Inspirational Journals Mom Daughter Journal Journaling For Kids Blank Books & Journals Beer and Weight Loss Logs Keepsake Journals And much more..... Place your order today!

*That Used to Be Us* - Thomas L. Friedman  
2012-08-21

This book makes recommendations for meeting four major challenges currently facing the United States, including globalization, the information technology revolution, chronic

deficits, and unbalanced energy consumption. America has a huge problem. It faces four major challenges, on which its future depends, and it is failing to meet them. In this book the authors analyze those challenges, globalization, the revolution in information technology, the nation's chronic deficits, and its pattern of energy consumption, and spell out what needs to be done now to rediscover America's power and prowess. They explain how the end of the cold war blinded the nation to the need to address these issues seriously. They show how America's history, when properly understood, provides the key to coping successfully and explain how the paralysis of the U.S. political system and the erosion of key American values have made it impossible to carry out the policies the country needs. This work is both a searching exploration of the American condition today and a rousing manifesto for American renewal.

**The Fall and Rise of the Islamic State** - Noah Feldman 2012-08-26

Perhaps no other Western writer has more deeply probed the bitter struggle in the Muslim world between the forces of religion and law and those of violence and lawlessness as Noah Feldman. His scholarship has defined the stakes in the Middle East today. Now, in this incisive book, Feldman tells the story behind the increasingly popular call for the establishment of the shari'a--the law of the traditional Islamic state--in the modern Muslim world. Western powers call it a threat to democracy. Islamist movements are winning elections on it. Terrorists use it to justify their crimes. What, then, is the shari'a? Given the severity of some of its provisions, why is it popular among Muslims? Can the Islamic state succeed--should it? Feldman reveals how the classical Islamic constitution governed through and was legitimated by law. He shows how executive power was balanced by the scholars who interpreted and administered the shari'a, and how this balance of power was finally destroyed

by the tragically incomplete reforms of the modern era. The result has been the unchecked executive dominance that now distorts politics in so many Muslim states. Feldman argues that a modern Islamic state could provide political and legal justice to today's Muslims, but only if new institutions emerge that restore this constitutional balance of power. The Fall and Rise of the Islamic State gives us the sweeping history of the traditional Islamic constitution--its noble beginnings, its downfall, and the renewed promise it could hold for Muslims and Westerners alike. In a new introduction, Feldman discusses developments in Egypt, Tunisia, Libya, and other Muslim-majority countries since the Arab Spring and describes how Islamists must meet the challenge of balance if the new Islamic states are to succeed.

**Government and Society in Malaysia** - Harold Crouch 2019-01-24

The Malaysian political system incorporates a mix of democratic and authoritarian

characteristics. In this comprehensive account, Harold Crouch argues that, while they may appear contradictory, the responsive and the repressive features of the system combine in an integrated and coherent whole. Consistently dominated by the Malay party UMNO, which represents the largest ethnic group, the Malaysian government requires the support of its Chinese, Indian, and East Malaysian minorities to retain control. The need to appeal to a politically and ethnically divided electorate restrains the arbitrary exercise of power by the ruling coalition. As a result, the government responds to popular aspirations, particularly since a split in the dominant Malay party in the 1980s. Yet it also controls the electoral process, ensuring victory in all national elections. Communal, social, and economic factors have all contributed in rather ambiguous ways to shaping the Malaysian political system. Communal tensions, change in the class structure, and the consequences of economic

growth have generated pressures in both democratic and authoritarian directions. The government has been remarkably stable despite sharp ethnic divisions and, Crouch suggests, it is unlikely to move swiftly toward full democracy in the near future.

*Laporan kajian keperluan sumber manusia dalam bidang perpustakaan dan perkhidmatan maklumat di Malaysia - 2004*

Study on the need of human resources in library science for libraries in Malaysia.

**Educational Leadership and the Community**  
- Tony Gelsthorpe 2003

Educational Leadership and the Community has been written in conjunction with the Community Education Department Centre (CEDC) and offers you different approaches to educational leadership which are focused on community engagement and social regeneration.

*Membudayakan integriti dalam tugas - Abdul Rahman Aziz 2009*

Issues on integrity at work related to social and

professional ethics in Malaysia; papers of a seminar.

**Fundamentals of Risk Management** - Paul Hopkin 2017-01-03

Fundamentals of Risk Management, now in its fourth edition, is a comprehensive introduction to commercial and business risk for students and a broad range of risk professionals. Providing extensive coverage of the core frameworks of business continuity planning, enterprise risk management and project risk management, this is the definitive guide to dealing with the different types of risk an organization faces.

With relevant international case examples from both the private and public sectors, this revised edition of Fundamentals of Risk Management is completely aligned to ISO 31000 and provides a full analysis of changes in contemporary risk areas including supply chain, cyber risk, risk culture and improvements in risk management documentation and statutory risk reporting. This new edition of Fundamentals of Risk

Management has been fully updated to reflect the development of risk management standards and practice, in particular business continuity standards, regulatory developments, risks to reputation and the business model, changes in enterprise risk management (ERM), loss control and the value of insurance as a risk management method. Also including a thorough overview of the international risk management standards and frameworks, strategy and policy, this book is the definitive professional text for risk managers.

*Nasionalis humanis* - Lam Thye Lee 1994

Issues on nationalism and humanism in Malaysia; collected articles.

**The Failure of Risk Management** - Douglas W. Hubbard 2009-04-06

An essential guide to the calibrated risk analysis approach *The Failure of Risk Management* takes a close look at misused and misapplied basic analysis methods and shows how some of the most popular "risk management" methods are no

better than astrology! Using examples from the 2008 credit crisis, natural disasters, outsourcing to China, engineering disasters, and more, Hubbard reveals critical flaws in risk management methods—and shows how all of these problems can be fixed. The solutions involve combinations of scientifically proven and frequently used methods from nuclear power, exploratory oil, and other areas of business and government. Finally, Hubbard explains how new forms of collaboration across all industries and government can improve risk management in every field. Douglas W. Hubbard (Glen Ellyn, IL) is the inventor of Applied Information Economics (AIE) and the author of Wiley's *How to Measure Anything: Finding the Value of Intangibles in Business* (978-0-470-11012-6), the #1 bestseller in business math on Amazon. He has applied innovative risk assessment and risk management methods in government and corporations since 1994. "Doug Hubbard, a recognized expert among experts in the field of risk management,

covers the entire spectrum of risk management in this invaluable guide. There are specific value-added take aways in each chapter that are sure to enrich all readers including IT, business management, students, and academics alike" —Peter Julian, former chief-information officer of the New York Metro Transit Authority. President of Alliance Group consulting "In his trademark style, Doug asks the tough questions on risk management. A must-read not only for analysts, but also for the executive who is making critical business decisions." —Jim Franklin, VP Enterprise Performance Management and General Manager, Crystal Ball Global Business Unit, Oracle Corporation.

### Asas Tadbir Urus Islam - Maszlee Malik

2019-05-06

Pengungkapan aksiom, prinsip dan nilai asas dalam menunjangi bidang tadbir urus diteroka dan dianalisis dalam buku ini, dalam usaha merumuskan pembentukan "Tadbir Urus Islam" dengan mengambil kira aspek kepercayaan,

budaya dan konteks. Karya diskursif dan abstrak ini cuba menghasilkan satu kerangka "tadbir urus baik" dalam rumusannya sendiri model dinamik yang dibentuk oleh nilai, selaras menurut maqasid al-Syariah yang mencadangkan suatu model tadbir urus institusional berasaskan kaedah fiqh klasik. Menerusi pendekatan diskursif analitikal secara eksklusif dalam buku ini, pembaca akan mendapati bahawa Islam diyakini mampu menjadi pemberdaya dalam menghasilkan insan homo-Islamicus yang beriman dan berihsan yang dapat menyumbang secara kolektif ke arah pembangunan masyarakat melalui tadbir urus. Usaha ini merupakan satu lagi ijihad berteraskan pandangan hidup bertauhid dengan ontologi eksplisitnya menerusi epistemologi deskriptif terarah yang mementingkan pembangunan insan mapan sebagai prasyarat utama yang menentukan kejayaan pembangunan sesebuah negara. Buku ini sangat berguna sebagai bacaan umum masyarakat sebagai

pedoman bagi membentuk dan memantapkan ciri kepimpinan pada semua peringkat, dan menjadi rujukan para pelajar, lebih-lebih lagi kalangan pentadbir serta penjawat awam dan swasta. - - - Maszlee Malik ialah mantan pensyarah di Fakulti Ilmu Wahyu Islam dan Sains Kemanusiaan di Universiti Islam Antarabangsa Malaysia, Kuala Lumpur. Beliau memiliki ijazah doktor falsafah (PhD) dari

Durham University di Durham, UK dalam bidang Tadbir Urus Baik. Bidang kajian beliau menjurus dalam perundangan Islam (fiqh), Pemikiran Politik Islam Klasik dan Kontemporari, serta Gerakan Islam dan Tadbir Urus Baik. Beliau ialah penulis buku Good Governance: A Critical Introduction dan Good Governance: Civil Society and Islam. Beliau kini memegang portfolio Menteri Pendidikan Malaysia sejak Mei 2018.
