True Harmony - Amy Knupp 2021-04-27

He's all business all the time. Now he's suddenly a dad. Fiddle player Eliza Bancroft had to improvise after an unplanned pregnancy four years ago. Instead of pursuing her dream of performing live music, she changed keys and has focused on being a good mom and a sought-after studio musician in Nashville. Her rhythm is set until she spots her son's father in a local magazine and realizes the man she was unable to track down lives right under her nose in Music City. As head of the family and CEO of North Brothers Sports, Mason North doesn't have time for play. His life mission is to build the family business—his father's legacy—so it can thrive for years to come. When the company's future becomes endangered, he mounts a full-scale assault to protect what matters the most. Then an unforgettable woman from his past lays a four-year-old truth bomb on him that blows up his priorities. Though they come from different worlds, the attraction from before still hums between Eliza and Mason. But Mason has spent a lifetime entrenched solely in business, and Eliza has two hearts to protect. Can he embrace a more harmonious approach and give them a second chance at love? True Harmony is the fourth stand-alone book in the North Brothers series and includes a steamy second-chance romance for a workaholic CEO and a single-mom fiddle player, an overzealous dog named Blitz, and a three-year-old in need of a dad. How to Build Your Own Web Site with Little Or No Money - Bruce Cameron Brown 2010

Web sites are an essential tool that every business must have in today's economy. Only 15 years ago, you could count the number of Web sites in the world with five or six digits; today there are between 15 and 30 billion active Web sites and millions more being added every day. Creating a Web site can be a great way to market a new product, promote your business plan, promote yourself, or simply share a few details about your life with the world. The cost of creating a Web site has risen right alongside the number of Web sites created though and many people are nervous about being able to utilize this revolutionary medium without breaking the bank. This book has been created for just such people, outlining for you in perfect detail everything you need to know to create a traffic attracting Web site, while spending little or no money at all. There are countless resources available, and when you put them all together, they provide a complete toolkit that can make anyone a top notch Web site in no time flat. You will learn how to buy a domain name and host your Web site for less than \$15, with no additional fees charged to your account. You will learn how to use open source software like Wordpress, Joomla, and Mambo to create a platform on which you can build anything you want. You will learn how blogging has made Web site creation easier than ever and how sites like Squidoo, Facebook, and MySpace allow you more freedom to build traffic and draw more attention to what you are advertising at any given time. You will learn how to use common software to edit and tweak your Web sites and how to read the basic code that all Web sites are created in. In addition, an entire chapter is devoted to teaching you how to promote your Web site and draw traffic to it, without spending a dime in the process. You will learn why information is the most valuable asset on the market and how you can become an expert in a niche of your choosing, making money to cover any fees associated with your Web site. With the added resource of hours of interviews with web professionals you will learn which free resources not to use and which ones to outright avoid, as well as how to find and install open source modules and tools to enhance the look and feel of your site. You will learn where you can find copyright-free images to use on your Web sites and how to get free copy that will draw traffic and entertain your visitors. You will learn how to keep a free Web site from falling into the traps the major search engines set to stop spam and ultimately how to leverage new friends, business contacts, and interactions out of your Web site. If you are now, or have ever, considered starting your own Web site before, this book will map the way for you.

How to Be Like Mike - Pat Williams 2010-01-01

Michael Jordan is the greatest basketball player of all time. But his pre-eminence is more than just extraordinary athletic ability: the lessons of his life—such as focus, passion, hard work, perseverance and accountability—have shaped him into one of the most revered celebrities of the 20th century. In this inspiring book Pat Williams, motivational speaker and senior vice president of the NBA's Orlando Magic, reveals Jordan's method for living a life of greatness that we can all incorporate into our lives. Fascinating anecdotes and quotes from those who know Michael best provide a glimpse into a persona as sweeping and immense as any generation has ever witnessed. Peppered with examples from Williams's life and those of other star athletes and celebrities, this uplifting book shows that we are, indeed, all capable of fulfilling our full potential. Readers from all walks of life can appreciate and aspire to living life like a champion.

Horse Anatomy for Performance - Gillian Higgins 2012-04-01

Examine the anatomy of a horse from an entirely different perspective. This intriguing and original explanation of the 11 internal body systems of horses shows them painted on the outside to describe everything on the inside. The horse is a highly sophisticated living organism so to enable him to reach his full athletic performance and give him a happy, healthy quality of life it is vital to understand both his capabilities and limitations within the context of his structure and function. Gillian Higgins turns her trademark technique of painting internal diagrams directly onto live horses to show how all the systems work, and work together, to influence performance and reduce the risk of injury. Divided into 12 chapters, *Horse Anatomy for Performance* combines high quality photographs and intricate paintings with top tips and fascinating facts to provide a practical and useful guide to horse anatomy. Visually appealing, original and easily understandable, the book explains how anatomy influences the way we manage, ride and train our horses. This book is a sequel to *How Your Horse Moves* by Gillian Higgins; together the books provide a comprehensive guide to horse anatomy in action "Finally a book where you can learn how your horse ticks - inside out - and it is easy to understand and fun to read. A must for every serious equestrian." --Dr W. Bechtolsheimer

Playette - T.L. Smith

"Enemies to Lovers and a revenge so sweet you can't turn away." Emily Goodwin, New York Times Best Selling Author. Vengeance will be beautiful. Vengeance has a name, and her name is mine. My role is to take action against the darkest men I've ever come across. To kill them one at a time. Until my list is complete. And in doing so, I'm going to use my most powerful weapon—my body. They ruined my life, and now it's my turn to destroy theirs. Even if it means a death sentence for me, each drop of blood will be deserving. Each kill will be worthy of the price I may need to pay. My name is Isadora, and my target is the Moretti Mafia. All new standalone from USA Today Best Selling Author T.L. Smith.

Intellectual Property and Emerging Technologies - Matthew Rimmer 2012-01-01

This unique and comprehensive collection investigates the challenges posed to intellectual property by recent paradigm shifts in biology. It explores the legal ramifications of emerging technologies, such as genomics, synthetic biology, stem cell research, nanotechnology, and biodiscovery. Extensive contributions examine recent controversial court decisions in patent law such as *Bilski v. Kappos*, and the litigation over Myriad's patents in respect of BRCA1 and BRCA2 while other papers explore sui generis fields, such as

access to genetic resources, plant breeders' rights, and traditional knowledge. The collection considers the potential and the risks of the new biology for global challenges such as access to health-care, the protection of the environment and biodiversity, climate change, and food security. It also considers Big Science projects such as biobanks, the 1000 Genomes Project, and the Doomsday Vault. The inter-disciplinary research brings together the work of scholars from Australia, Canada, Europe, the UK and the US and involves not only legal analysis of case law and policy developments, but also historical, comparative, sociological, and ethical methodologies. Intellectual Property and Emerging Technologies will appeal to policy-makers, legal practitioners, business managers, inventors, scientists and researchers.

The Stud Next Door - Kendall Ryan 2021-01-19

A sexy, single dad standalone romance from New York Times bestselling author Kendall Ryan. Life threw me a curveball. An adorable eight-pound, four-ounce curveball with her mother's eyes and my dark hair. I'd like to think my single-dad game is strong, but honestly? I've been struggling a little. When a beautiful young woman moves in next door and offers to give me a hand, I jump at the chance to hire her as a nanny. Jessa is amazing with my daughter. She's also patient, kind, and way too pretty. The number one rule of hiring a nanny? Don't bed the nanny. It's a rule I intend to keep. But as the days pass, I begin to realize how much my life is missing. Companionship. Romance. Intimacy. When I discover my heart has space for one more female, it's a lost cause, another curveball. The hot-as-hell nanny is leaving soon for a mission trip to Central America. No sense in letting myself fantasize about Jessa being a permanent part of my life. The closer we get, the more difficult it becomes to keep my feelings in check, because my heart won't listen. And neither will my libido. Well, you know what they say. Rules are meant to be broken . . .

Beginning Perl - James Lee 2010-04-12

This is a book for those of us who believed that we didn't need to learn Perl, and now we know it is more ubiquitous than ever. Perl is extremely flexible and powerful, and it isn't afraid of Web 2.0 or the cloud. Originally touted as the duct tape of the Internet, Perl has since evolved into a multipurpose, multiplatform language present absolutely everywhere: heavy-duty web applications, the cloud, systems administration, natural language processing, and financial engineering. *Beginning Perl, Third Edition* provides valuable insight into Perl's role regarding all of these tasks and more. Commencing with a comprehensive overview of language basics, you'll learn all about important concepts such as Perl's data types and control flow constructs. This material sets the stage for a discussion of more complex topics, such as writing custom functions, using regular expressions, and file input and output. Next, the book moves on to the advanced topics of object-oriented programming, modules, web programming, and database administration with Perl's powerful database interface module, DBI. The examples and code provided offer you all of the information you need to start writing your own powerful scripts to solve the problems listed above, and many more. Whether you are a complete novice or an experienced programmer, *Beginning Perl, Third Edition* offers an ideal guide to learning Perl.

Fushi no Kami: Rebuilding Civilization Starts With a Village Volume 4 - Mizuumi Amakawa 2021-06-16

After spending two years studying in Itsutsu city to bring back the life of convenience and abundance from the legends of the ancient civilization, Ash graduates from the military academy. He is now assigned to the newly established Territory Reform Promotion Office, where he works hard to improve this world's living standards. When it is brought to Ash's attention that Ajole, the hometown of his co-worker Renge's childhood friend, is on the verge of extinction, he decides to embark on a rescue mission. The inspection task force led by Ash and Maika encounters barren fields and skinny villagers. It appears that they have no choice but to break the taboo and use animal manure as compost. To make matters worse, there is news of another threat to the village: the demons known as treants! Can Ash find a way to save the village? This is the fourth chapter of the story about a young boy who sets out to revolutionize the world in order to rebuild civilization and create his ideal life!

Hot SEAL, Independence Day - Elle James 2021-06-15

Navy SEAL who wants nothing to do with commitment, is forced to protect his neighbor and her unborn baby when her past comes calling. Jack "Mars" Marsten lives in an apartment he never made a home. He made the mistake of marrying right out of boot camp to his high school sweetheart. When his wife left him during BUDS training, he vowed never to marry again. No entanglements. Period. Deirdre Anne Tyler is running from her ex-boyfriend who beat her when he found out she was pregnant. She changed her name to Anne Smith and is hiding in an apartment next door to a cranky Navy SEAL who barely says hello. Which is just as well. The fewer people who know her and where she is, the less chance of her ex finding her. Until he does... When trouble comes calling, Anne hides in her neighbor's apartment. Jack wants nothing to do with the woman but can't send her back to deal with her problem on her own. Stuck with the woman, he's now responsible for keeping her alive until her baby is born. How hard could that be? Harder than he originally thought when he finds himself falling for the pretty mother-to-be. No-commitment Jack sinks deeper into his own kind of trouble where Anne is concerned. the pretty mother-to-be. No-commitment Jack sinks deeper into his own kind of trouble where Anne is concerned.

Filthy Wolf - Liza Street 2020-07-13

This broody wolf shifter thought he'd never find his true mate. But a human woman is about to prove him wrong. Jessica, a human, doesn't know what to believe when an ill-advised trek through the woods lands her in a supernatural territory filled with dangerous shapeshifters. One man in particular makes her heart go pitter-patter, but he's brusque and bossy and pushes her away at every turn. That can't be love, can it? Wolf shifter Marcus doesn't do friendship—not since his buddy died. He doesn't do packs—not since he had to kill one of his own packmates. And he sure as hell doesn't do mates—not since the last woman he loved rejected him. But Jessica is turning everything he believed upside down, and he'll do whatever it takes—make friends, form a pack, and even fall in love—to protect her. *Filthy Wolf* is the second standalone book in the *Junkyard Shifters* series. It features a wounded hero, a feisty heroine, and all kinds of naughty language and sessytimes. Rise of the Duke - Dayna Quince 2021-05-17

ON THE RUN Emma McKinnon must escape an unwanted suitor and his manipulative sister, who won't take no for an answer. Marriage might save her from destitution, but she'd only be trading one nightmare for another. As a penniless vicar's daughter, she has nothing to lose except ownership of her heart. Emma takes a position as a governess on Star Frost, an elusive island off the coast of Cornwall. From the moment of his birth, Calvin Stanley West, Duke of Renvere, was blessed. But none of his successes and wealth could have prepared him for the fire that killed his wife and left him and one of his daughters horrifically scarred. Worse still, the same glittering aristocratic society that had bowed in his presence now whispered cruel insults about his children. He abandoned his life, his prestige, and secreted his daughters away to a place where no whispered barbs would reach their precious ears. THEY CAN'T HIDE FOREVER Calvin's prayers are answered when a governess arrives on his doorstep, but this is no ordinary governess. She's young, beautiful, and she stirs a passion inside him he thought had been burned away forever. Emma swiftly becomes enamored with Star Frost and her new charges. But the duke, though scarred and intimidating, is also kind, dedicated to his children, and the most handsome man she'd ever seen. He makes her long for things she'd been raised to never feel. Is it a trick of the mysterious island or is the duke the one man her heart has yearned for all along? Just when she feels safe and the attraction between them ignites into a passionate affair, the people she ran from have hunted her down, shattering her hopes. Emma's instinct is to run again, but if she does, she will have to give up everything she loves or stay and fight for her heart's desire. The choice should be easy, but is desire enough for her? Can Calvin love her in return or will the memory of his wife turn their passionate affair to ash?

Founded on Goodbye - Kat Singleton 2021

His songs were better when he had a broken heart. That sentence would change my life after my dream job was dished to me on a shiny, silver platter. All I had to do? Hurt Nash Pierce enough to get him writing good music again. The pop icon's songs were no longer the phenomena they used to be. His team needed another breakthrough album--like the first he'd penned, using his heartbreak as fuel. The plan was simple: I'd go on tour with him as a backup dancer...and make him fall in love with me. I was hired to inspire--to become embedded into every lyric he wrote. Then, I was to set fire to it all--to destroy every feeling we hoped he'd develop for me. It seemed simple enough. Easy, even. I didn't expect to be consumed myself--to

see so much in the man displayed in the tabloids. I didn't foresee falling for him. It didn't occur to me that, while attempting to break his heart, I might just shatter my own. Most of all, I never thought I'd fight so hard to hold on to a relationship that had always been founded on goodbye.
