Card-Carrying Christians - Rebecca C.

Bartel 2021-05-24

In the waning years of Latin America's longest and bloodiest civil war, the rise of an unlikely duo is transforming Colombia: Christianity and access to credit. In her

exciting new book, Rebecca C. Bartel details how surging evangelical conversions and widespread access to credit cards, microfinance programs, and mortgages are changing how millions of Colombians envision a more prosperous future. Yet programs of financialization propel new modes of violence. As prosperity becomes conflated with peace, and debt with devotion, survival only becomes possible through credit and its accompanying forms of indebtedness. A new future is on the horizon, but it will come at a price.

PC Magazine - 2001

Direct Selling - Sara L. Cochran 2021-09-14
The Power of Direct Selling. Direct selling is not an industry per se nor is it merely a go-to-market business model and channel to reach consumers. It is bigger than any of this - direct selling is people. The ability for people with entrepreneurial spirit to build a

successful business, whether it be from the ground up or by representing a company's product, is at the heart of direct selling and it is people who made (and continue to make) direct selling the successful marketplace that it is today. The direct selling marketplace is comprised of mission-driven and socially responsible companies offering a wide variety of product and services, and the list of direct selling companies is abundant with entrepreneurs who built their businesses by utilizing an independent salesforce channel to market and sell their products or services directly to consumers. Possibly one of the most prominent of these entrepreneurs is Mary Kay Ash, a legend as a glass-ceiling breaker and a woman who built a very successful business with a go-to-market strategy of direct selling. Unlike Mary Kay Ash, however, not all aspiring business owners are willing/able to invest

their savings and time on a start-up business. These micro-entrepreneurs desire to have the economic and social benefits of managing their own businesses but do not want the startup costs and demands associated with traditional business planning. As such, becoming a direct selling distributor offers a low-risk, low-cost pathway to micro-entrepreneurship. The traditional barriers to small business ownership are removed when a micro-entrepreneur builds a direct selling business that is backed by established brands. These established brands, several of which are featured in this book, offer the micro-entrepreneurs quality products, business training, and technological resources to achieve a self-determined metric of success. Framed within the context of entrepreneurship and an historical overview of the long-term sustainability of this business model, this

book is intended for practitioners who want to read about the breadth and depth of direct selling. Importantly, this book provides considerable depth in terms of three particular issues associated with direct selling: Compensation, Ethics & compliance, and Global reach. For scholars, this book is built on a strong foundation of valid and reliable research endeavors. The authors have published research on direct selling in high quality, reputable and peer-reviewed academic and practitioner journals. Thus, this book can add foundationally to the research efforts of academics who are conducting research in a wide variety of topics (such as sales, women empowerment, business strategy, ethics, distribution models, gig economy, and global entry - to name a few), as well as to members of the press who want reliable and valid content upon which to build their stories. The book's content is

also particularly informative for policymakers at the local, state, national, and international levels. For students, reading this book will offer a variety of insights, particularly related to the intricacies of channel selection and design. **Direct Selling: A Global and Social Business Model** is a collective project from eight academics and practitioners who have dedicated much of their careers to understanding direct selling as both a go-to-market strategy and a channel of distribution and to capturing the people who are the foundation of direct selling. The pages of this book bring together a wealth of research and knowledge that can inform a broad spectrum of constituents about the economic and social benefits of direct selling, while also providing detail and clarity on key issues related to direct selling as a sustainable business model. **Japan Directory** - 2004

Vitiligo and Other Hypomelanoses of Hair and Skin - Jean-Paul Ortonne

2012-12-06

Leukoderma is a generic term for any pigmentary dilution, be it congenital or acquired, circumscribed or generalized, devoid of or partially lacking in pigmentation. In the approach to the diagnosis of leukoderma, we have generally first considered the age of onset, whether leukoderma was congenital or acquired, the extent and pattern of involvement, and the degree of pigmentary dilution. The organization of this monograph reflects this approach. For example, we have separated the section devoted to various disease entities into diffuse and circumscribed leukoderma and the latter into various etiologies such as genetic, metabolic, infectious, and endocrinologic. One of several justifications for this monograph is to present an approach to the diagnosis of

leukoderma, as detailed in Part II. In formulating a guide for the physician, we have found some limitations to our previous approach; we therefore offer the following new classification based upon a clinical-pathologic correlation. This could provide the means to describe both the clinical and pathologic findings in one term.

Cracking the Metabolic Code - B. Lavalley

R.Ph. C.C.N. N.D., James 2009-06-16
Crack Your Code and Reach a New Level of Healing and Health Doctors traditionally prescribe a pill for every ill. But for most people, these single solutions don't work. The truth is, most chronic health problems, including stubborn weight gain, unbeatable fatigue, intestinal distress, high blood pressure, creeping cholesterol, and high blood sugar, are not found in simply one organ, but in several parts of the body (oftentimes in twos and threes). This is the result of years of slow, subtle challenges to your metabolism, which is as unique as you are. Your diet, lifestyle habits, stress level, prescription drug use, and relationships, as well as the genes you inherit and the environment in which you live-in effect, the sum total of your life experience up to this day-determine your personal metabolism and, in turn, your current state of health. Using a step-by-step, easy-to-implement

system of diet, lifestyle strategies, and state-of-the-art nutrients and supplements, Dr. James LaValle will help you create an individualized program for reclaiming your metabolism and health.....At long last, this book provides readers with the information and tools that have been used successfully by thousands of Dr. LaValle's patients over the last twenty years to help them take charge of their diets, their health, and their lives.

Right Now, I Am Fine - Daniela Owen
2021-05

"Right Now, I Am Fine" is a mindfully written self-help guide to aid children in dealing with stress and anxiety, by uncovering their emotions and following a simple calming routine. This is a coloring book edition to further help children overcome anxiety and increase attention to all the lessons of the book. Dr. Daniela Owen, Ph.D. is a clinical child psychologist

in the San Francisco Bay Area. She works primarily with children, adolescents, and their families and specializes in using evidence-based treatments to help with managing anxiety, worry, anger, and low mood. Through her children's books, Daniela brings to life concepts and strategies that can be helpful for children everywhere.

Liposuction - Melvin A. Shiffman
2007-04-18

The contributors to this book have spent time and effort presenting the cosmetic and plastic surgeon with information on the techniques and uses of liposuction for cosmetic and non-cosmetic surgery purposes. This constitutes the first book on cosmetic and non-cosmetic liposuction. It provides a how-to-do manual for all procedures of cosmetic and non-cosmetic liposuction and is abundantly illustrated. Although new technology helps improve

results, it is experience, care, and skill of the cosmetic surgeon that is necessary to obtain optimal results that satisfy the patient.

Pharmacognosy - Shagufta Perveen
2019-06-19

Pharmacognosy is a term derived from the Greek words for drug (pharmakon) and knowledge (gnosis). It is a field of study within Chemistry focused on natural products isolated from different sources

and their biological activities. Research on natural products began more than a hundred years ago and has continued up to now with a plethora of research groups discovering new ideas and novel active constituents. This book compiles the latest research in the field and will be of interest to scientists, researchers, and students.

Goop Clean Beauty - The Editors of GOOP
2016-12-27

The ultimate beauty guide from the experts at GOOP--the trusted resource for healthy, mindful living, curated by Gwyneth Paltrow. Millions of women around the world turn to the clean-living team at GOOP for beauty advice. From nontoxic product recommendations, red carpet- (and everyday-) ready hair and makeup tutorials, to guidance on aging, acne, and antioxidants, GOOP has become the go-to resource for head-to-toe beauty. Finally, the editors of GOOP have shared their top tips

and recommendations, favorite detox recipes, workout plans, and hair and makeup looks in one must-have guide. Featuring more than 100 gorgeous photos and extensive Q&As from GOOP's family of expert contributors, GOOP CLEAN BEAUTY will shed a definitive light on the importance of diet, sleep, exercise, and clean beauty products, while offering tactical advice for healthy, glowing skin and hair that starts from the inside out. The first book from the top name in clean-living, GOOP CLEAN BEAUTY is the one resource women need to feel, and look, their best every day.

The 10X Rule - Grant Cardone 2011-04-26
Achieve "Massive Action" results and accomplish your business dreams! While most people operate with only three degrees of action-no action, retreat, or normal action-if you're after big goals, you don't want to settle for the ordinary. To

reach the next level, you must understand the coveted 4th degree of action. This 4th degree, also known as the 10 X Rule, is that level of action that guarantees companies and individuals realize their goals and dreams. The 10 X Rule unveils the principle of "Massive Action," allowing you to blast through business clichés and risk-aversion while taking concrete steps to reach your dreams. It also demonstrates why people get stuck in the first three actions and how to move into making the 10X Rule a discipline. Find out exactly where to start, what to do, and how to follow up each action you take with more action to achieve Massive Action results. Learn the "Estimation of Effort" calculation to ensure you exceed your targets Make the Fourth Degree a way of life and defy mediocrity Discover the time management myth Get the exact reasons why people fail and others succeed Know the exact formula to

solve problems Extreme success is by definition outside the realm of normal action. Instead of behaving like everybody else and settling for average results, take Massive Action with The 10 X Rule, remove luck and chance from your business equation, and lock in massive success.

For the Strength of Youth - The Church of Jesus Christ of Latter-day Saints 1966

Magnetic - Joe Calloway 2015-10-15

Magnetic: The Art of Attracting Business is a look at how consistently successful businesses are able to attract a steady and ever-increasing flow of customers. This innovative text examines a range of simple, powerful strategies that businesses of any size or type can use to attract new customers. The key is to do those things that harness the power of the single most important factor in buying decisions: positive word of mouth and referrals from happy existing customers. Magnetic businesses are intentional, strategic, and focused on creating positive experiences that become the stories their customers tell about them. Whether on the internet or face to face, it's what satisfied customers say about you that is the most powerful

driver of growth for your business. Becoming Magnetic and attracting business, truly is an art, rather than a science, because every business is different, and uses a unique combination of strategy, people, and purpose to achieve success and growth. There is no one-size-fits-all formula, but with creativity and focus, any business can create a powerful revenue growth engine that continuously works to build and sustain success. Learn how to match successful growth strategies with your people, purpose, and culture to create your own unique 'magnetism' to attract business. Discover the simple, powerful keys to growth used by a range of market leading businesses, from a snowboard manufacturing startup company and a website design professional to a minor league baseball team and an family owned upscale grocery store. All of them utilize ideas that you can put to work

immediately in your business to become Magnetic. Create a magnetic mindset in your people that leads not only to happier customers who refer others to you, but to more satisfied employees who help attract and recruit great new employees to keep your momentum going. Simplify and clarify how you think about your business to have your entire team become more focused, efficient, and effective in doing those few vitally important things that matters most in driving growth and sustaining success.

Internet Law Update 2000 - 2000

Cosmetic Dermatology - Leslie Baumann 2002

-- Provides physicians with scientific answers to everyday cosmetic problems.

Is Gwyneth Paltrow Wrong About Everything? - Timothy Caulfield 2016-05-10
An exploration of the effect our celebrity-

dominated culture has on our ideas of what it means to live "the good life" What would happen if an average Joe tried out for American Idol, underwent a professional makeover, endured Gwyneth Paltrow's "Clean Cleanse," and followed the outrageous rituals of the rich and famous? Health law policy researcher Timothy Caulfield finds out in this thoroughly unique, engaging, and provocative book about celebrity culture and its iron grip on today's society. Over the past decade, our perceptions of beauty, health, success, and happiness have become increasingly framed by a popular culture steeped in celebrity influence and ever more disconnected from reality. Research tells us that our health decisions and goals are influenced by celebrity culture and endorsements, our children's ambitions are now overwhelmingly governed by the fantasy of fame, and the ideals of beauty and success

are mediated through a celebrity-dominated worldview. But while much has been written about the cause of our obsession with the rich and famous, Caulfield argues that not enough has been done to debunk celebrity messages and promises about health, diet, beauty, or happiness. From super-thin models to Gwyneth Paltrow's endorsement of a gluten free-diet for almost anyone, celebrity opinions have the power to dominate our conversations and outlooks. In this book, Caulfield provides an entertaining look into the celebrity world, including vivid accounts of his own experiences trying out for American Idol, having his skin resurfaced, and doing the cleanse; interviews with actual celebrities; thought-provoking facts, and a practical and evidence-based reality check on our own celebrity ambitions.

Man'yōshū (Book 2) - 2020-07-27

Book two of the Man'yōshū ('Anthology of

Myriad Leaves') continues Alexander Vovin's new English translation of this 20-volume work originally compiled between c.759 and 785 AD. It is the earliest Japanese poetic anthology in existence and thus the most important compendium of Japanese culture of the Asuka and Nara periods.
