Life Of Pi, Illustrated - Yann Martel 2012-07-19

After the tragic sinking of a cargo ship, one solitary lifeboat remains bobbing on the wild, blue Pacific. The only survivors from the wreck are a sixteen-year-old boy named Pi, a hyena, a zebra with a broken leg, a female orang-utan - and a 450-pound Royal Bengal tiger. Since it was first published in 2002, Life of Pi has entered mainstream consciousness and remains one of the most extraordinary works of fiction in recent years. In October 2005 Canongate launched a competition with The Times to find an artist to illustrate Yann Martel's international bestseller. Soon the competition expanded as the Globe and Mail and The Age newspapers also launched a search in Canada and Australia. From thousands of entries, Croatian artist Tomislav Torjanac was chosen as the illustrator for this new edition of Life of Pi. Now readers can enjoy this extraordinary tale with his glorious colour illustrations.

Rap Capital - Joe Coscarelli 2022-10-18

A modern epic about the most consequential music culture today, Atlanta rap—a masterful, street-level story of art, money, race, class, and salvation from acclaimed New York Times reporter Joe Coscarelli. From mansions to trap houses, office buildings to strip clubs, Atlanta is defined by its rap music. But this flashy and fast-paced world is rarely seen below surface-level as a collection not of superheroes and villains, cartoons and caricatures, but of flawed and inspired individuals all trying to get a piece of what everyone else seems to have. In artistic, commercial, and human terms, Atlanta rap represents the most consequential musical ecosystem of this century so far. Rap Capital tells the dramatic stories of the people who make it tick, and the city that made them that way. The lives of the artists driving the culture, from megastars like Lil Baby and Migos to lesser-known local strivers like Lil Reek and Marlo, represent the modern American dream but also an American nightmare, as young Black men and women wrestle generational curses, crippled school systems, incarceration, and racism on the way to an improbable destination atop art and commerce. Across Atlanta, rap dreams power countless overlapping economies, but they're also a gamble, one that could make a poor man rich or a poor man poorer, land someone in jail or keep them out of it. Drawing on years of reporting, more than a hundred interviews, dozens of hours in recording studios and on immersive ride-alongs, acclaimed New York Times reporter Joe Coscarelli weaves a cinematic tapestry of this singular American culture as it took over in the last decade, from the big names to the lesser-seen prospects, managers, grunt-workers, mothers, DJs, lawyers and dealers that are equally important to the industry. The result is a deeply human, era-defining book. Entertaining and profound, Rap Capital is an epic of art, money, race, class, and sometimes, salvation.

The best interests of the child - Council of Europe 2016-03-22

What does the concept of the best interests of the child mean in practice? How should it be interpreted and applied? This publication sheds lights on different aspects of this concept. The concept of the best interests of child, as stated in Article 3.1 of the United Nations Convention on the Rights of the Child, has caused many controversies and debates amongst policy makers, experts and practitioners. Although central to a child's full enjoyment of his or her rights, the meaning of the concept in practice and how it should be interpreted and applied, is still part of today's debate. The Belgian Authorities and the Council of Europe organised on 9 and 10 December 2014 a conference on "The best interests of the child - A dialogue between theory and practice" to provide an opportunity for actors involved in decisions that have an impact on children's lives to share knowledge and enhance the understanding of the concept of the child's best interest. Featuring in this publication are the 21 different viewpoints presented during the conference on the concept of the best interests of the child. They are divided into four chapters namely those presenting general reflections of the concept; assessing, determining and monitoring best interests; using the concept in different environments; and understanding the concept in family affairs. All viewpoints agree on the fact that there is no comprehensive definition of the concept, and that its vagueness has resulted in practical difficulties for those trying to apply it. Some suggest that the best interest should therefore only be used when necessary, appropriate and feasible for advancing children's rights, whereas others see the flexibility of the concept as its strong point. Through their different interpretations and analysis, this publication offers a solid contribution to the overall understanding of the concept of the best interests of child, necessary to improving and safeguarding children's rights overall.

The Naughty, The Nice and The Nanny - Willa Nash 2021-10-20

One week with one little girl—an angel, according to my staffing agency. Acting as the short-term nanny for a single dad should have been an easy way to make some extra cash. Until I show up for my first day and face off with a demon disguised as a seven-year-old girl wearing a red tutu and matching glitter slippers. Oh, and her father? My temporary boss? Maddox Holiday. The same Maddox Holiday I crushed on in high school. The same Maddox Holiday who didn't even know I existed. And the same Maddox Holiday who hasn't set foot in Montana for years because he's been too busy running his billionaire empire. Enduring seven days is going to feel like scaling the Himalayas in six-inch heels. Toss in the Holiday family's annual soiree, and Christmas Eve

nightmares really do come true. But I can do anything for a week, especially for this paycheck, even if it means wrangling the naughty, impressing the nice, and playing the nanny.

Moving Politics - Deborah B. Gould 2009-12-15

In the late 1980s, after a decade spent engaged in more routine interest-group politics, thousands of lesbians and gay men responded to the AIDS crisis by defiantly and dramatically taking to the streets. But by the early 1990s, the organization they founded, ACT UP, was no more—even as the AIDS epidemic raged on. Weaving together interviews with activists, extensive research, and reflections on the author's time as a member of the organization, *Moving Politics* is the first book to chronicle the rise and fall of ACT UP, highlighting a key factor in its trajectory: emotion. Surprisingly overlooked by many scholars of social movements, emotion, Gould argues, plays a fundamental role in political activism. From anger to hope, pride to shame, and solidarity to despair, feelings played a significant part in ACT UP's provocative style of protest, which included raucous demonstrations, die-ins, and other kinds of street theater. Detailing the movement's public triumphs and private setbacks, *Moving Politics* is the definitive account of ACT UP's origin, development, and decline as well as a searching look at the role of emotion in contentious politics.

Just Babies - Paul Bloom 2014-11-11

A leading cognitive scientist argues that a deep sense of good and evil is bred in the bone. From John Locke to Sigmund Freud, philosophers and psychologists have long believed that we begin life as blank moral slates. Many of us take for granted that babies are born selfish and that it is the role of society—and especially parents—to transform them from little sociopaths into civilized beings. In *Just Babies*, Paul Bloom argues that humans are in fact hardwired with a sense of morality. Drawing on groundbreaking research at Yale, Bloom demonstrates that, even before they can speak or walk, babies judge the goodness and badness of others' actions; feel empathy and compassion; act to soothe those in distress; and have a rudimentary sense of justice. Still, this innate morality is limited, sometimes tragically. We are naturally hostile to strangers, prone to parochialism and bigotry. Bringing together insights from psychology, behavioral economics, evolutionary biology, and philosophy, Bloom explores how we have come to surpass these limitations. Along the way, he examines the morality of chimpanzees, violent psychopaths, religious extremists, and Ivy League professors, and explores our often puzzling moral feelings about sex, politics, religion, and race. In his analysis of the morality of children and adults, Bloom rejects the fashionable view

that our moral decisions are driven mainly by gut feelings and unconscious biases. Just as reason has driven our great scientific discoveries, he argues, it is reason and deliberation that makes possible our moral discoveries, such as the wrongness of slavery. Ultimately, it is through our imagination, our compassion, and our uniquely human capacity for rational thought that we can transcend the primitive sense of morality we were born with, becoming more than just babies. Paul Bloom has a gift for bringing abstract ideas to life, moving seamlessly from Darwin, Herodotus, and Adam Smith to *The Princess Bride*, Hannibal Lecter, and Louis C.K. Vivid, witty, and intellectually probing, *Just Babies* offers a radical new perspective on our moral lives.

The Well of Loneliness - Radclyffe Hall 2015-04-23

This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

The Good Soldier - Ford Maddox Ford 2021-01-28

The Good Soldier is considered Ford's masterpiece. This tale of adultery and deceit centers around two couples, Edward and Leonora Ashburnham, and their American friends, John and Florence Dowell. John Dowell narrates the events of Florence's affair with Edward, the "good soldier," and her subsequent suicide. Through Dowell's confused and perhaps unreliable narrative, Ford attempted to recreate real thoughts. This literary technique was a forerunner to literary techniques employed by such later writers as Samuel Beckett and J.M. Coetzee. Ford Maddox Ford (Ford Maddox Hueffer) was born in 1873. He was a novelist, poet, literary critic, editor, and one of the founding fathers of English Modernism. He published over eighty books, including two collaborations with Joseph Conrad (*Inheritors* in 1901 and *Romance* in 1903). He died in 1939.

Born a Crime - Trevor Noah 2016-11-15

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, Time), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

My Body and Other Crumbling Empires - Lyndsey Medford 2023-03-07

We are living in a world that is sick. Both literally sick, with 60 percent of adults in the US living with a chronic illness and rising rates of autoimmune diseases in particular, including long COVID, and figuratively sick, facing ever increasing rates of burnout, anxiety, and disconnection. As a writer, activist, and theology student, Lyndsey Medford was used to critiquing unsustainable medical, environmental, economic, and social systems from a theoretical perspective. But when her autoimmune disorder roared out of remission, she discovered that her own body's systems lived at the very real vortex of all those systems' dysfunction. Learning to cooperate with her body would require her to change every aspect of her life--and in the process, to seek a radical reimagining of the world, from a place where sickness is an individual affliction to an interdependent ecosystem where sustainability is a community way of life. In this beautiful and inspiring book, Medford draws on her experiences with a rare autoimmune disease to illuminate the broader lessons we need to learn, in order to heal what ails us individually and communally. Whether our burnout stems from illness, systemic racism, poverty, or simply sin's separation, we're all in need of hope, and we are called to heal together. *My Body and Other Crumbling Empires* points out the beauty and ubiquity of our limitations; the importance of accessibility, broadly construed; the interconnected nature of individual and public health; and the badly needed wisdom we have gained from living with our particular bodies.
