I Am the Aleph-Tav - Samuel Koiki
2019-01-21

Most people will be shocked to know that Jesus appears ten times (1000%) more in the Old Testament than he does in the New Testament. In fact Jesus the Aleph-Tav appears 9612 times (uninterpreted) in the Old Testament but only 983 times in the New Testament. The Aleph-Tav is comprised of the first and last characters of the Hebrew language, just as the alpha and the omega are the first and last characters of the Greek language. The Aleph-Tav is also the Hebrew character symbol believed to be the signature of Christ found only in the Hebrew Bible, represented by the head of a bull and the sign of a cross. Both character symbols clearly point us to

Christ, the Lamb of God who died for humanity on the cross of Calvary. I AM the Aleph-Tav unveils the presence of Jesus in the Old Testament, first by taking a deep dive into the mystery of the Aleph-Tav. Although this symbol appears almost ten thousand times in the Old Testament, it was never interpreted into any other language, and author Samuel Koiki shows how there are parallels between the Old Testament and the statements Jesus made to John in the book of Revelation, where Jesus proclaimed that he was the Alpha and the Omega, the beginning and the end, in a different way, the Aleph-Tav. Was Jesus telling John that he was there all along when the universe was created in Genesis? Perhaps he was telling John that he indeed is the Creator. Was he the one who split the Red Sea, as told in Exodus? Was he the Passover lamb in Leviticus, the high priest in Numbers, the rock that brought forth

water in Deuteronomy, or the commander of the Lord's army in Judges? Was he telling John that he is on every page of the Old Testament, all the way to Malachi, where he is the Son of righteousness who brings healing? This book unlike any other will bless and enrich you abundantly. Sit back and embark on this incredible journey with me.

Love and The Turning Seasons - Andrew Schelling 2014-02-11

For thousands of years, India has excelled at erotic love poetry, and the genius of its devotional poetry often harnesses great energy and mystical insight. It is in fact often hard to tell whether the poets are offering poems of spiritual longing using the garment of love poetry, or writing erotic poems in the guise of devotion. Perhaps, in a country where erotic sculpture routinely ornaments its many temples and the gods are known for their explosive sexuality, this question has little meaning to these remarkable writers. In their devotional traditions, eroticism and mysticism seem inseparable. This wonderful selection spans 2,500 years, and includes work originally sung or recited by their well-known bards: Kabir, Mirabai, Lal Ded, Vidyapati and Tagore. There are also poems from the Upanishad, from ancient Sanskrit poetry

and Punjab folk lyrics. The poets have largely emerged from the ranks of the dispossessed: leather workers, refuse collectors, maidservants, women, & orphans. Their vision is of a democratic society in which all voices count, much like American gospel and blues, Shaker songs, or the grand vision of Walt Whitman. Often they faced persecution for speaking candidly, or daring to speak of spiritual matters at all. The notes include profiles of these legendary lives. Several of these poets simply vanished, absorbed into a deity, or disappeared in a flash of purple lightening. A few produced miracles—most of them have clouds of mystery around them. Andrew Schelling has drawn on the work of 24 other translators, including Ezra Pound, Robert Bly, W. S. Merwin, Jane Hirschfield and Denise Levertov, to build what will be the finest anthology of India's erotic and spiritual poetry for the general

read ever assembled.

Aleph, the Chaldean; or, the Messiah as Seen from Alexandria - E. F. Burr
2022-07-21

Two facts, at least, should be remembered by the readers of this book. 1. It was not uncommon in the times of the Christ for

Hebrew men, in imitation of Joseph and Moses and Boaz, to marry outside of their people. 2. It is a great mistake to suppose that women in the Roman Empire of the First Century were secluded after the current oriental fashion. They had about as much freedom on most lines of social intercourse as women have among us. The New Testament shows this regarding Palestine and such contiguous countries as appear in the Acts of the Apostles. But it was the same wherever the Roman authority and influence extended. The tradition was in favor of restriction, but by a concurrence of circumstances women had been liberated from the enslaving fetters of the old legal forms, and enjoyed freedom of intercourse in society; they walked and drove in the public thoroughfares with veils that did not^[ii] conceal their faces; they dined in the company of men; they studied literature and philosophy; they took part in

political movements; they were allowed to defend their law cases if they liked, and they helped their husbands in the government of provinces and the writing of books.
