Authoritative, fully up to date, and beautifully bound, The American Heritage® Deluxe Reference Set is the most comprehensive and attractive resource on American English now available, at a price

**The Oxford Guide to Etymology** - Philip Durkin 2011-07-07

This practical introduction to word history investigates every aspect of where words come from and how they change. Philip Durkin, chief etymologist of the Oxford English Dictionary, shows how different types of evidence can shed light on

the myriad ways in which words change in form and meaning. He considers how such changes can be part of wider linguistic processes, or be influenced by a complex mixture of social and cultural factors. He illustrates every point with a wide range of fascinating examples. Dr Durkin investigates folk etymology and other changes which words undergo in everyday use. He shows how language families are established, how words in different languages can have a common ancestor, and the ways in which the latter can be distinguished from words introduced through language contact. He examines the etymologies of the names of people and places. His focus is on English but he draws many examples from languages such as French, German, and Latin which cast light on the pre-histories of English words. The Oxford Guide to Etymology is reliable, readable, instructive, and enjoyable. Everyone interested in the history of words will value this account of an endlessly fascinating subject.

*Word Histories and Mysteries* - Houghton Mifflin Company 2004

Did you know that cats are related etymologically to caterpillars? Or that Thomas Edison played a key role in popularizing the use of the greeting "Hello"? Or that muscles were originally mice, since a flexed biceps looks like a little rodent scurrying under the skin? *Word Histories and Mysteries* provides a panoramic view of the unique richness of English, uncovering the origins of five hundred everyday words whose surprising and often amusing stories offer insights into the history of humankind. Arranged in convenient alphabetical order, the notes are written in a lively and entertaining style perfect for browsing. The reader can learn how some of the most recent words, such as the computer term wiki, were coined, or trace the origins of English back to the Indo-European language spoken long before the invention of writing. A short introduction outlines the techniques linguists use to trace the history of words, and a handy glossary explains the linguistic terms that describe the ways in which language changes over time. Photographs and drawings help familiarize the reader with the ancient objects or cultural practices from which our words have sprung. Fascinating and fun to read, *Word Histories and Mysteries* is an ideal gift for high school or college students interested in language and for anyone who wants to know more about the curious sounds we make to communicate every day.

*An American Dictionary of the English Language* - Noah Webster 1841

*First Children's Dictionary* - DK 2016-11-01

*American Book Publishing Record* - 2005

**What Foreigners Need to Know about America from A to Z** - Lance Johnson 2012

This unique book paints a revealing picture of America and its people for those foreigners who will benefit from a better understanding of America. It will also inform Americans who want to learn more about the U.S. and how it compares to other countries around the world. World traveler and teacher Lance Johnson studies cultural differences and the difficulties foreigners have understanding crazy America, as some call it. Foreigners might come to the U.S. to work for American employers, to open branch offices or factories for their homeland employers, to start their own businesses, or go to school. Others might work for American organizations in their homelands or have American teachers there. An understanding of American culture and language will contribute to their success. As the title suggests, this book is for "foreigners." Dictionaries say they are people who are not citizens of a country. For this book they are defined as anyone who is not sufficiently familiar with American culture to achieve success. This includes the multitudes of foreign-born, naturalized citizens who have lived in the U.S. for years and still struggle with the ways and the language. A foreigner could also be a first-generation American whose immigrant parents did not fully expose their children to American culture and they now pay the price in mainstream U.S. There are lots of other examples, too. **FORMAT** Each of the 26 chapters' brush strokes contributes to the final painting of what America is all about. For ease of understanding, the chapters are grouped into four sections. (The sections are available as individual books as well.) \*Section I - America's Heritage. This defines the historical background of why America and its people became who and what they are today. \*Section II - America's Culture. This section describes everyday life in America, ranging from customs and etiquette, to what's on the minds of Americans, to education. Practical advice is provided for the one million foreign applicants who seek and gain admission to U.S. colleges and universities each year. Pointers are provided on the cultural differences students should expect, and how to get the most from their education. \*Section III - America's Business. This explains the complex business environment, operations, and people-

related customs and why the U.S. is an economic juggernaut. Information is provided for starting a business of your own in the U.S. as well as how to increase the chances of your getting hired by an American firm in the U.S. or abroad. \*Section IV - America's Language. These chapters discuss practical ways to improve English grammar, speech, writing, communication skills, and reducing accents. Common English grammar and speech errors made by foreigners are identified and simple tips are provided for overcoming them. **ENDORSEMENTS** "I congratulate you on writing this timely work. This will promote better mutual understanding between America and Asia." - Tommy Koh, Singapore Ambassador to the U.N. and U.S. "Your book covers a broad range of topics that I am sure many...will find very useful." - Clark T. Randt, Jr., U.S. Ambassador to China. "I greatly appreciate your efforts in sharing with other people your opinion and experience on the exchanges between different peoples and cultures. It is so important for us to better understand each other while striving to build a better world for all." - Zhou Wenzhong, China Ambassador to U.S. "I found this book refreshingly different from the general run of books in this genre." - Mohammad Vazeeruddin, India journalist. "The A to Z chapters are nicely written and...the language is simple and lucid." - Jay Gajjar, India language professor. "I love this book's generous use of helpful hints. I highly recommend it for anyone who wants to learn more about America like I did." - Sarah Kim, Korean American business owner.

*The American Heritage Dictionary of Idioms, Second Edition* - Christine Ammer 2013  
Covering over ten thousand phrases, including "bite the bullet," "take the cake," and "buy the farm," a reference on common American vocabulary and idiomatic expressions defines each entry and provides a contextual sentence.

*The American Heritage First Dictionary* - Kaethe Ellis 1998

Provides a wide range of synonyms organized in alphabetical order with clear definitions that orient the user to the relevant meaning of related words.

**School Library Journal** - 2006-10

**100 Greatest African Americans** - Molefi Kete Asante 2010-06-28

Since 1619, when Africans first came ashore in the swampy Chesapeake region of Virginia, there have been many individuals whose achievements or strength of character in the face of monumental hardships have called attention to the genius of the African American people. This book attempts to distill from many wonderful possibilities the 100 most outstanding examples of greatness. Pioneering scholar of African American Studies Molefi Kete Asante has used four criteria in his selection: the individual's significance in the general progress of African Americans toward full equality in the American social and political system; self-sacrifice and the demonstration of risk for the collective good; unusual will and determination in the face of the greatest danger or against the most stubborn odds; and personal achievement that reveals the best qualities of the African American people. In adopting these criteria Professor Asante has sought to steer away from the usual standards of popular culture, which often elevates the most popular, the wealthiest, or the most photogenic to the cult of celebrity. The individuals in this book - examples of lasting greatness as opposed to the ephemeral glare of celebrity fame - come from four centuries of African American history. Each entry includes brief biographical information, relevant dates, an assessment of the individual's place in African American history with particular reference to a historical timeline, and a discussion of his or her unique impact on American society. Numerous pictures and illustrations will accompany the articles. This superb reference work will complement any library and be of special interest to students and scholars of American and African American history.

**Saudi Arabian Heritage** - Tamra Orr 2018-08-01

Saudi Arabian Heritage in the Celebrating Diversity in My Classroom series explores the geography, languages, religions, food, and culture of Saudi Arabia in a fun age-appropriate way. Students with Saudi Arabian heritage are a significant and important part of the fabric of America and this book helps foster empathy in all students and a multicultural community in the classroom. Glossary, index, and

additional backmatter aids further learning.

**American Practical Navigator** - Nathaniel Bowditch 1931

**Roget's II** - 2003

Provides precise definitions of each synonym, complete synonym groups at every entry, a category index that includes related or opposing terms, and an extensive cross-reference system

*How We Talk* - Allan A. Metcalf 2000

In short, delightful essays, a professor of English explains the key features that make American speech so expressive and distinct. With chapters on ethnic dialects and dialects in the movies, the author reveals the resplendence of one of our nation's greatest natural resources--its endless and varied talk.

Across the Wide Missouri - Bernard Augustine De Voto 1987

Winner of the Pulitzer Prize and the Bancroft Prize. Across the Wide Missouri tells the compelling story of the climax and decline of the Rocky Mountain fur trade during the 1830s. More than a history, it portrays the mountain fur trade as a way of business and a way of life, vividly illustrating how it shaped the expansion of the American West.

**The American Heritage Dictionary of Phrasal Verbs** - 2005

Defines thousands of alphabetized English phrasal verbs, such as "close up," "fall out," "take off," and "tear down," and provides example sentences for every entry.

**The Oxford Handbook of Lexicography** - Philip Durkin 2016

This volume provides concise, authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products. Leading scholars and professional lexicographers, from all over the world and representing all the main traditions and perspectives, assess the state of the art in every aspect of research and practice. The book is divided into four parts, reflecting the main types of lexicography. Part I looks at synchronic dictionaries - those for the general public, monolingual dictionaries for second-language learners, and bilingual dictionaries. Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively, while chapters in Part IV examine specific topics such as description and prescription; the representation of pronunciation; and the practicalities of dictionary production. The book ends with a chronology of the major events in the history of lexicography. It will be a valuable resource for students, scholars, and practitioners in the field.

*I'm Proud to Be Me!* - Yanitzia Canetti 2010

*A Dictionary of Selected Synonyms in the Principal Indo-European Languages* - Carl Darling Buck 2008-07-03

Originally published in 1949 and appearing now for the first time in a paperbound edition, Buck's Dictionary remains an indispensable tool for diachronic analysis of the Indo-European languages. Arranged according to the meaning of words, the work contains more than 1,000 groupings of synonyms from the principal Indo-European languages. Buck first tabulates the words describing a particular concept and then discusses their etymological and semantic history, tracing changes in meaning of the root words as well as presenting cases indicating which of the older forms have been replaced by expressions of colloquial or foreign origin.

**The Devil's Dictionary** - Ambrose Bierce 1911

*Microsoft Manual of Style* - Microsoft Corporation 2012-01-15

Maximize the impact and precision of your message! Now in its fourth edition, the Microsoft Manual of Style provides essential guidance to content creators, journalists, technical writers, editors, and everyone else who writes about computer technology. Direct from the Editorial Style Board at Microsoft—you get a comprehensive glossary of both general technology terms and those specific to Microsoft; clear, concise usage and style guidelines with helpful examples and alternatives; guidance on grammar, tone, and voice; and best practices for writing content for the web, optimizing for accessibility, and communicating to a

worldwide audience. Fully updated and optimized for ease of use, the Microsoft Manual of Style is designed to help you communicate clearly, consistently, and accurately about technical topics—across a range of audiences and media.

**The American Heritage Student Dictionary - 1994**  
A dictionary for use in grades six through nine with an entry list derived from printed materials used in schools. Includes a section on how to use the dictionary.
