Elephant Bill - James Howard Williams 1982

Runs With Courage - Joan M. Wolf 2016-10-01

Ten-year-old Four Winds is a young Lakota girl caught up in the changes brought about by her people's forced move to the reservation. Set in the Dakota Territory, it is the year 1880. Four Winds has been taken away from her family and brought to a boarding school run by whites. It is here she is taught English and learns how to assimilate into white culture. But soon she discovers that the teachers at this school are not interested in assimilation but rather in erasing her culture. On the reservation, Four Winds had to fight against starvation. Now she must fight to hold on to who she is.

Ballet of the Elephants - Leda Schubert 2006-04-04

Describes the circus and the ballet of fifty elephants and dancers choreographed by George Ballanchine in 1942.

Marley & Me - John Grogan 2009-03-17

The heartwarming and unforgettable story of a family and the wondrously neurotic dog who taught them what really matters in life. Now with photos and new material. Is it

possible for humans to discover the key to happiness through a bigger-than-life, bad-boy dog? Just ask the Grogans. John and Jenny were just beginning their life together. They were young and in love, with not a care in the world. Then they brought home Marley, a wiggly yellow furball of a puppy. Life would never be the same. Marley grew into a barreling, ninety-seven-pound streamroller of a Labrador retriever. He crashed through screen doors, gouged through drywall, and stole women's undergarments. Obedience school did no good -- Marley was expelled. But just as Marley joyfully refused any limits on his behavior, his love and loyalty were boundless, too. Marley remained a model of devotion, even when his family was at its wit's end. Unconditional love, they would learn, comes in many forms. Marley & Me is John Grogan's funny, unforgettable tribute to this wonderful, wildly neurotic Lab and the meaning he brought to their lives.

Modoc - Ralph Helfer 2009-10-13

"Once I started this incomparable story, I couldn't put it down, and I cannot get it out of my mind--nor will I

ever. The message of what can be accomplished by training through affection and joy will thrill all animal lovers." –Betty White A captivating true story of loyalty, friendship, and high adventure that spans several decades and three continents, Modoc is one of the most remarkable true stories ever told, perfect for fans of *The Zookeeper's Wife* or *Water for Elephants*. Raised together in a small German circus town, a boy and an elephant formed a bond that would last their entire lives, and would be tested time and again: through a near-fatal shipwreck in the Indian Ocean, an apprenticeship with the legendary Mahout elephant trainers in the Indian teak forests, and their eventual rise to circus stardom in 1940s New York City. As the *African Sun-Times* put it, Modoc is "heartwarming. . . probably the greatest love story ever told."

[An African Love Story](#) - Daphne Sheldrick 2013-03-26
Daphne Sheldrick's best-selling love story of romance, life and elephants, *An African Love Story: Love, Life and Elephants* is an incredible story from Africa's greatest living conservationist. A typical day for Daphne involves rescuing baby elephants from poachers; finding homes for orphan elephants, all the while campaigning the ever-present threat of poaching for the ivory trade. *An African Love Story* is the incredible memoir of her life. It tells two stories - one is the extraordinary love story which blossomed when Daphne fell head over heels with Tsavo Game Park and its famous warden, David Sheldrick. The second is the love story of how Daphne and David, who devoted their lives to saving elephant orphans, at first losing every infant under the age of two until Daphne at last managed to devise the first-ever milk formula which would keep them alive. 'Compulsively readable', *Mail on Sunday* 'An enchanting

memoir', *Telegraph* Daphne Sheldrick has spent her entire life in Kenya. For over 25 years, she and her husband, David, the famous founder of the the giant Tsavo National Park, raised and rehabilitated back into the wild orphans of misfortune from many different wild species. These included elephants, rhinos, buffaloes, zebra, eland, kudu, impala, warthogs and many other smaller animals. In 2006 she was made Dame Commander of the British Empire by the Queen.

[The Cowboy and His Elephant](#) - Malcolm Macpherson
2002-09-03

A chronicle of the American West follows a cowboy as he adopts a baby elephant.

[Babylon's Ark](#) - Lawrence Anthony 2007-03-06

The astonishing story of the soldiers, conservationists, and ordinary Iraqis who united to save the animals of the Baghdad Zoo When the Iraq war began, conservationist Lawrence Anthony could think of only one thing: the fate of the Baghdad Zoo, caught in the crossfire at the heart of the city. Once Anthony entered Iraq he discovered that hostilities and uncontrolled looting had devastated the zoo and its animals. Working with members of the zoo staff and a few compassionate U.S. soldiers, he defended the zoo, bartered for food on war-torn streets, and scoured bombed palaces for desperately needed supplies. *Babylon's Ark* chronicles Anthony's hair-raising efforts to save a pride of Saddam's lions, close a deplorable black-market zoo, run ostriches through shoot-to-kill checkpoints, and rescue the dictator's personal herd of Thoroughbred Arabian horses. A tale of the selfless courage and humanity of a few men and women living dangerously for all the right reasons, *Babylon's Ark* is an inspiring and uplifting true-life adventure of individuals on both sides working together for the sake

of magnificent wildlife caught in a war zone.

Dewey - Vicki Myron 2008-09-24

Experience the uplifting, "unforgettable" New York Times bestseller about an abandoned kitten named Dewey, whose life in a library won over a farming town and the world--with over 2 million copies sold! (Booklist) Dewey's story starts in the worst possible way. On the coldest night of the year in Spencer, Iowa, at only a few weeks old--a critical age for kittens--he was stuffed into the return book slot of the Spencer Public Library. He was found the next morning by library director Vicki Myron, a single mother who had survived the loss of her family farm, a breast cancer scare, and an alcoholic husband. Dewey won her heart, and the hearts of the staff, by pulling himself up and hobbling on frostbitten feet to nudge each of them in a gesture of thanks and love. For the next nineteen years, he never stopped charming the people of Spencer with his enthusiasm, warmth, humility (for a cat), and, above all, his sixth sense about who needed him most. As his fame grew from town to town, then state to state and finally, amazingly, worldwide, Dewey became more than just a friend; he became a source of pride for an extraordinary Heartland farming community slowly working its way back from the greatest crisis in its long history.

The 57 Bus - Dashka Slater 2017-10-17

One teenager in a skirt. One teenager with a lighter. One moment that changes both of their lives forever. If it weren't for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a black teen,

lived in the crime-plagued flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. The 57 Bus is Dashka Slater's true account of the case that garnered international attention and thrust both teenagers into the spotlight.

The Elephant Whisperer - Lawrence Anthony 2009-11-10

When South African conservationist Lawrence Anthony was asked to accept a herd of "rogue" wild elephants on his Thula Thula game reserve in Zululand, his common sense told him to refuse. But he was the herd's last chance of survival: they would be killed if he wouldn't take them. In order to save their lives, Anthony took them in. In the years that followed he became a part of their family. And as he battled to create a bond with the elephants, he came to realize that they had a great deal to teach him about life, loyalty, and freedom. The Elephant Whisperer is a heartwarming, exciting, funny, and sometimes sad account of Anthony's experiences with these huge yet sympathetic creatures. Set against the background of life on an African game reserve, with unforgettable characters and exotic wildlife, it is a delightful book that will appeal to animal lovers and adventurous souls everywhere.

Criminal Ingenuity - Ellen Levy 2011-05-13

"Poetry was declining/ Painting advancing/ we were complaining/ it was '50," recalled poet Frank O'Hara in 1957. *Criminal Ingenuity* traces a series of linked moments in the history of this transfer of cultural power from the sphere of the word to that of the image. Ellen Levy explores the New York literary and art worlds

in the years that bracket O'Hara's lament through close readings of the works and careers of poets Marianne Moore and John Ashbery and assemblage artist Joseph Cornell. In the course of these readings, Levy discusses such topics as the American debates around surrealism, the function of the "token woman" in artistic canons, and the role of the New York City Ballet in the development of mid-century modernism, and situates her central figures in relation to such colleagues and contemporaries as O'Hara, T. S. Eliot, Clement Greenberg, Walter Benjamin, and Lincoln Kirstein. Moore, Cornell, and Ashbery are connected by acquaintance and affinity—and above all, by the possession of what Moore calls "criminal ingenuity," a talent for situating themselves on the fault lines that fissure the realms of art, sexuality, and politics. As we consider their lives and works, Levy shows, the seemingly specialized question of the source and meaning of the struggle for power between art forms inexorably opens out to broader questions about social and artistic institutions and forces: the academy and the museum, professionalism and the market, and that institution of institutions, marriage.

The Disaster Artist - Greg Sestero 2014-10-07

Presents a humorous ode to cinematic hubris, discussing the story of the mysteriously wealthy misfit, Tommy Wiseau, the producer, director, and star of the "The Room," which later became an international cult film despite making no money at the box office.

The Greatest Hoax - James M. Inhofe 2012

Inhofer presents his perspectives and opinions on the proposed "carbon tax" and energy regulations currently part of the global warming debate among members of the Congress and the U.S. government.

One Amazing Elephant - Linda Oatman High 2017-02-14

A poignant middle grade animal story from talented author Linda Oatman High that will appeal to fans of Katherine Applegate's *The One and Only Ivan*. In this heartwarming novel, a girl and an elephant face the same devastating loss—and slowly realize that they share the same powerful love. Twelve-year-old Lily Pruitt loves her grandparents, but she doesn't love the circus—and the circus is their life. She's perfectly happy to stay with her father, away from her neglectful mother and her grandfather's beloved elephant, Queenie Grace. Then Grandpa Bill dies, and both Lily and Queenie Grace are devastated. When Lily travels to Florida for the funeral, she keeps her distance from the elephant. But the two are mourning the same man—and form a bond born of loss. And when Queenie Grace faces danger, Lily must come up with a plan to help save her friend.

The Dirty Life - Kristin Kimball 2011-04-12

Documents the first year spent by the Harvard-graduate author with her new husband on their sustainable farm in the Adirondacks, describing how she withdrew from big-city life to be married in their barn loft, the difficult obstacles they faced attempting to provide a whole diet for one hundred locals, and the rewards of a physical-labor lifestyle.

Gorillas in the Mist - Dian Fossey 1983

Presents thirteen years of field research on the endangered mountain gorilla of the African rain forest.

An Elephant in My Kitchen - Françoise Malby-Anthony 2019-11-05

THE INTERNATIONAL BESTSELLER "Malby-Anthony offers a book of great inspiration and wide appeal to nature-loving readers." —Publishers Weekly A heart-warming sequel to the international bestseller *The Elephant*

Whisperer, by Lawrence Anthony's wife Françoise Malby-Anthony. A chic Parisienne, Françoise never expected to find herself living on a South African game reserve. But then she fell in love with conservationist Lawrence Anthony and everything changed. After Lawrence's death, Françoise faced the daunting responsibility of running Thula Thula without him. Poachers attacked their rhinos, their security team wouldn't take orders from a woman and the authorities were threatening to cull their beloved elephant family. On top of that, the herd's feisty new matriarch Frankie didn't like her. In this heart-warming and moving book, Françoise describes how she fought to protect the herd and to make her dream of building a wildlife rescue center a reality. She found herself caring for a lost baby elephant who turned up at her house, and offering refuge to traumatized orphaned rhinos, and a hippo called Charlie who was scared of water. As she learned to trust herself, she discovered she'd had Frankie wrong all along. Filled with extraordinary animals and the humans who dedicate their lives to saving them, *An Elephant in My Kitchen* is a captivating and gripping read.

Ballet for Martha - Jan Greenberg 2010-08-03

Martha Graham : trailblazing choreographer Aaron Copland : distinguished American composer Isamu Noguchi : artist, sculptor, craftsman Award-winning authors Jan Greenberg and Sandra Jordan tell the story behind the scenes of the collaboration that created APPALACHIAN SPRING, from its inception through the score's composition to Martha's intense rehearsal process. The authors' collaborator is two-time Sibert Honor winner Brian Floca, whose vivid watercolors bring both the

process and the performance to life.

Jumbo - Paul Chambers 2013-04-19

A magical blend of true story and popular science, 'Jumbo' is the wonderful, colourful biography of the greatest elephant ever known. Born in Africa in 1863, Jumbo was orphaned by ivory - hunters, 'rescued' and taken to France. Mistaken for a runt, he was sold to London Zoo, where he became the favourite of the British populace, from Queen Victoria to the young Winston Churchill - until, talent - spotted by the American circus - owner P.T. Barnum, and despite public outcry and Royal protestations, he was taken across the Atlantic to New York. There, having once more conquered public hearts and now a beast of giant proportions, he 'befriended' a smaller elephant, Tom Thumb - in saving whose life he was to meet a tragic end. This book not only unravels the story, but also looks at Jumbo from a zoologist's point of view. Why was he thought to be a runt? What helped or hindered him in adapting to unfamiliar surroundings from one hemisphere to the other? How was he likely to have reacted to the overwhelming public attention - and to isolation from his natural habitat? The author draws illuminatingly on modern knowledge of elephant behaviour and biology to shed light on the mysteries surrounding Jumbo's life.

The Last Rhinos - Graham Spence 2012-04-01

Another extraordinary story of life on a South African game reserve from the authors of *The Elephant Whisperer*. Lawrence Anthony's South African game reserve is home to many animals he has saved, from a remarkable herd of elephants to a badly behaved bushbaby called George. Described as "the Indiana Jones of conservation", when one of his rhinos was brutally slaughtered for her horn, he didn't hesitate to lead an armed response against the

poachers. Then he learned that there were only a handful of northern white rhinos left in the wild, living in an area of the Congo controlled by the infamous Lord's Resistance Army and soon to be hunted into extinction. Lawrence knew he had to take action. What followed was an extraordinary adventure, as he headed into the jungle to negotiate with the rebels, while battling to save his own animals from terrible drought and to save the eyesight of his beloved elephant matriarch Nana. *The Last Rhinos* is peopled with unforgettable characters, both human and animal, and is a sometimes funny, sometimes moving, always exciting read.

Mosey - Ralph Helfer 2002

Tells the true story of a boy's devotion to a beloved circus elephant and the ordeals they endured to stay together.

Zamba - Ralph Helfer 2009-10-13

When Ralph Helfer, now one of Hollywood's top animal behaviorists, first began working, he was shocked by the cruelty that was accepted practice in the field. He firmly believed in "affection training" -- that love, not fear, should be the basis of any animal's development, even when dealing with the most dangerous of creatures. Then Zamba came into his life -- an adorable four-month-old lion cub that went on to prove Helfer's theories resoundingly correct. Over the next eighteen years, Zamba would thrive and grow, and go on to star in numerous motion pictures and television shows -- all the while developing a deep and powerful bond of love and affection with the man who raised him. By turns astonishing, hilarious, and poignant, Zamba is not only the unforgettable story of the relationship that Helfer would come to consider one of the most important in his life but also that of the amazing career and adventures

of the greatest lion in the world.

The Natural Superiority of Mules - John Hauer 2014-01-07
Mules are hybrids--progenies of male donkeys (jacks) and female horses (mares). Creating a mule is difficult, and baby mules are a bit precocious, but the end result is one of the most fascinating, yet often unappreciated, creatures in the world. In the revised and expanded second edition of *The Natural Superiority of Mules*, ranch owner and operator John Hauer celebrates these remarkable hybrids through essays, articles, stories, and beautiful, full-color photographs and illustrations. The pieces in this collection draw attention to many of the mule's most impressive characteristics, including its agility, strength, grace, longevity, disposition, conformation, and loyalty. Contributors to this collection range from recognized professionals in the mule community to those members who have recently purchased their first mules. These experts and aficionados include:

Tarra & Bella - Carol Buckley 2014-03-06

A friendship unlike any other! After retiring from the circus, Tarra became the first resident of the Elephant Sanctuary in Tennessee. When other elephants moved in and developed close friendships, only Tarra remained alone--until the day she met a stray mixed-breed dog named Bella. From then on, the two were inseparable. Color photographs of Tarra and Bella at home in the Elephant Sanctuary deftly illustrate this inspiring story of inter-species companionship.

We Bought a Zoo - Benjamin Mee 2011-04-20

The remarkable true story of a family who move into a rundown zoo-- already a BBC documentary miniseries and excerpted in *The Guardian*. In the market for a house and an adventure, Benjamin Mee moved his family to an

unlikely new home: a dilapidated zoo in the English countryside. Mee had a dream to refurbish the zoo and run it as a family business. His friends and colleagues thought he was crazy. But in 2006, Mee and his wife with their two children, his brother, and his 76-year-old mother moved into the Dartmoor Wildlife Park. Their extended family now included: Solomon, an African lion and scourge of the local golf course; Zak, the rickety Alpha wolf, a broadly benevolent dictator clinging to power; Ronnie, a Brazilian tapir, easily capable of killing a man, but hopelessly soppy; and Sovereign, a jaguar and would-be ninja, who has devised a long term escape plan and implemented it. Nothing was easy, given the family's lack of experience as zookeepers, and what follows is a magical exploration of the mysteries of the animal kingdom, the power of family, and the triumph of hope over tragedy. *We Bought a Zoo* is a profoundly moving portrait of an unforgettable family living in the most extraordinary circumstances.

Last Chain On Billie - Carol Bradley 2014-07-22

Against the backdrop of a glittering but brutal circus world, Carol Bradley's *Last Chain on Billie* charts the history of elephants in America, the inspiring story of the Elephant Sanctuary and the spellbinding tale of a resilient elephant who defied the system even as she struggled to conquer her past, who never lost sight of the life she was meant to have. Left in the wild, Billie the elephant would have spent her days surrounded by family, free to wander the jungles of Asia. Instead, traders captured her as a baby and shipped her to America, where she learned to carry humans, stand on a tub and balance on one leg – the full repertoire of elephant tricks. For decades, Billie crisscrossed the country, dazzling audiences as she performed

breathtaking stunts. But behind the scenes she lived a life of misery: traveling in trucks, chained for hours on end, barely able to move, giving eight-minute performances under harsh lights and to the sounds of blaring music. And worse. Finally, she got a lucky break. As part of the largest elephant rescue in American history, Billie wound up at a sanctuary for performing elephants in Tennessee, able once more to roam through open meadows and share her days with a herd. She would never be beaten again. But, overcome with anxiety, she withdrew from the rest of the elephants and refused to let anyone remove a chain still clamped around her leg. Her caregivers began to wonder if Billie could ever escape her emotional wounds. The compelling story of Billie's battle to reclaim her old self is a testament to the intelligence, emotional complexity and remarkable strength of all elephants, captive or free.

The Eye of the Elephant - Delia Owens 1993-10-29

An “exciting” true account of battling the elephant poachers of Zambia by the author of *Where the Crawdads Sing* and her fellow biologist (The Boston Globe). Intelligent, majestic, and loyal, with lifespans matching our own, elephants are among the greatest of the wonders gracing the African wilds. Yet, in the 1970s and 1980s, about a thousand of these captivating creatures were slaughtered in Zambia each year, killed for their valuable ivory tusks. When biologists Mark and Delia Owens, residing in Africa to study lions, found themselves in the middle of a poaching fray, they took the only side they morally could: that of the elephants. From the authors of *Secrets of the Savanna*, *The Eye of the Elephant* is “part adventure story, part wildlife tale,” recounting the Owens’s struggle to save these innocent animals from decimation, a journey not only to

supply the natives with ways of supporting their villages, but also to cultivate support around the globe for the protection of elephants (The Boston Globe). Filled with daring exploits among disgruntled hunters, arduous labor on the African plains, and vivid depictions of various wildlife, this remarkable tale is at once an adventure story, a travelogue, a preservationist call to action, and a fascinating examination of both human and animal nature.

The Story of Cuba: Her Struggles for Liberty - Murat Halstead 1896

The True Story of the Bilderberg Group - Daniel Estulin 2007

Since 1954, The Bilderberg Group, some of the most powerful and influential men in the Western world, have met in secret once a year to discuss the economic and political future of humanity.

The Beauty of the Beasts - Ralph Helfer 2014-04-29

A trainer shares true stories of famous lion, orangutan, and other animal actors that "will hold readers enthralled" (School Library Journal). They are major stars who do not speak a word onscreen, yet are world famous for their compelling performances. Who are they? The animal stars of the big screen, of course! In *The Beauty of the Beasts*, Ralph Helfer shares with the reader his love of animals and his work with some of Hollywood's biggest stars: Clarence the Cross-Eyed Lion, Gentle Ben, the Schlitz Malt Liquor Bull, Clint Eastwood's orangutan sidekick Clyde, and many more. Helfer shares his philosophy on training these beautiful beasts to do amazing feats and maximize their acting potential without coercion. Join Ralph Helfer in his exploration of animal acting and read of his masterful

use of TLC to work with these phenomenal, non-human actors.

Field Guide to Forest Plants of South-central Colorado - David C. Powell 1987

Adventures among Ants - Mark W. Moffett 2010-05-05
Intrepid international explorer, biologist, and photographer Mark W. Moffett, "the Indiana Jones of entomology," takes us around the globe on a strange and colorful journey in search of the hidden world of ants. In tales from Nigeria, Indonesia, the Amazon, Australia, California, and elsewhere, Moffett recounts his entomological exploits and provides fascinating details on how ants live and how they dominate their ecosystems through strikingly human behaviors, yet at a different scale and a faster tempo. Moffett's spectacular close-up photographs shrink us down to size, so that we can observe ants in familiar roles; warriors, builders, big-game hunters, and slave owners. We find them creating marketplaces and assembly lines and dealing with issues we think of as uniquely human—including hygiene, recycling, and warfare. *Adventures among Ants* introduces some of the world's most awe-inspiring species and offers a startling new perspective on the limits of our own perception. • Ants are world-class road builders, handling traffic problems on thoroughfares that dwarf our highway systems in their complexity • Ants with the largest societies often deploy complicated military tactics • Some ants have evolved from hunter-gatherers into farmers, domesticating other insects and growing crops for food

The World's Greatest Lion - Ralph Helfer 2012-07-05
From the creators of *The World's Greatest Elephant* comes the real-life story of the MGM Studios Lion. Perhaps the

most recognizable Hollywood animal--outside of Lassie-- is "Leo the Lion," MGM Studios' famous mascot. For decades his image introduced hundreds of motion pictures, and Zamba the lion acted in dozens more. But he wasn't always a Hollywood star, and he certainly proved to be much more. This real-life story of Zamba, told by world-renowned animal behaviorist Ralph Helfer and Caldecott Honor recipient Ted Lewin, follows the famous lion from an orphaned cub in Africa to iconic Hollywood actor. But Zamba's greatest role wasn't scripted and it certainly wasn't captured on film. In 1969, the canyon that housed Ralph Helfer's animal ranch was ravaged by floods. As death claimed many of the animals, dozens were led to safety by one heroic lion. Zamba's story, beautifully told and illustrated, is one that will entertain and inspire--both cubs and lions.

stardom is depicted in this beautiful book. Full color.
Fossil Legends of the First Americans - Adrienne Mayor
2023-04-11

The burnt-red badlands of Montana's Hell Creek are a vast graveyard of the Cretaceous dinosaurs that lived 68 million years ago. Those hills were, much later, also home to the Sioux, the Crows, and the Blackfeet, the first people to encounter the dinosaur fossils exposed by the elements. What did Native Americans make of these stone skeletons, and how did they explain the teeth and claws of gargantuan animals no one had seen alive? Did they speculate about their deaths? Did they collect fossils? Beginning in the East, with its Ice Age monsters, and ending in the West, where dinosaurs lived and died, this richly illustrated and elegantly written book examines the discoveries of enormous bones and uses of fossils for medicine, hunting magic, and spells. Well before Columbus, Native Americans observed the mysterious petrified remains of extinct creatures and sought to understand their transformation to stone. In perceptive creation stories, they visualized the remains of extinct mammoths, dinosaurs, pterosaurs, and marine creatures as Monster Bears, Giant Lizards, Thunder Birds, and Water Monsters. Their insights, some so sophisticated that they anticipate modern scientific theories, were passed down in oral histories over many centuries. Drawing on historical sources, archaeology, traditional accounts, and extensive personal interviews, Adrienne Mayor takes us from Aztec and Inca fossil tales to the traditions of the Iroquois, Navajos, Apaches, Cheyennes, and Pawnees. *Fossil Legends of the First Americans* represents a major step forward in our understanding of how humans made sense of fossils before evolutionary theory developed.

Elephant Company - Vicki Croke 2015-04-14

NEW YORK TIMES BESTSELLER • A NEW YORK TIMES NOTABLE BOOK The remarkable story of James Howard “Billy” Williams, whose uncanny rapport with the world’s largest land animals transformed him from a carefree young man into the charismatic war hero known as Elephant Bill In 1920, Billy Williams came to colonial Burma as a “forest man” for a British teak company. Mesmerized by the intelligence and character of the great animals who hauled logs through the jungle, he became a gifted “elephant wallah.” In *Elephant Company*, Vicki Constantine Croke chronicles Williams’s growing love for elephants as the animals provide him lessons in courage, trust, and gratitude. *Elephant Company* is also a tale of war and daring. When Japanese forces invaded Burma in 1942, Williams joined the elite British Force 136 and operated behind enemy lines. His war elephants carried supplies, helped build bridges, and transported the sick and elderly over treacherous mountain terrain. As the occupying authorities put a price on his head, Williams and his elephants faced their most perilous test. *Elephant Company*, cornered by the enemy, attempted a desperate escape: a risky trek over the mountainous

border to India, with a bedraggled group of refugees in tow. Part biography, part war epic, *Elephant Company* is an inspirational narrative that illuminates a little-known chapter in the annals of wartime heroism. Praise for *Elephant Company* “This book is about far more than just the war, or even elephants. This is the story of friendship, loyalty and breathtaking bravery that transcends species. . . . *Elephant Company* is nothing less than a sweeping tale, masterfully written.”—Sara Gruen, *The New York Times Book Review* “Splendid . . . Blending biography, history, and wildlife biology, [Vicki Constantine] Croke’s story is an often moving account of [Billy] Williams, who earned the sobriquet ‘Elephant Bill,’ and his unusual bond with the largest land mammals on earth.”—*The Boston Globe* “Some of the biggest heroes of World War II were even bigger than you thought. . . . You may never call the lion the king of the jungle again.”—*New York Post* “Vicki Constantine Croke delivers an exciting tale of this elephant whisperer—cum—war hero, while beautifully reminding us of the enduring bonds between animals and humans.”—Mitchell Zuckoff, author of *Lost in Shangri-La* and *Frozen in Time*
