If you ally dependence such a referred **pascal boniface wikip dia** book that will offer you worth, acquire the agreed best seller from us currently from several preferred authors. If you desire to hilarious books, lots of novels, tale, jokes, and more fictions collections are as a consequence launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all books collections pascal boniface wikip dia that we will no question offer. It is not on the subject of the costs. Its about what you dependence currently. This pascal boniface wikip dia, as one of the most enthusiastic sellers here will no question be in the middle of the best options to review.

Fixing Haiti - Jorge Heine 2011

Haiti may well be the only country in the Americas with a last name. References to the land of the "black Jacobins" are almost always followed by the phrase "the poorest country in the Western Hemisphere". To that dubious distinction, on 12 January 2010 Haiti added another, when it was hit by the most devastating natural disaster in the Americas, a 7.0 Richter scale earthquake. More than 220,000 people lost their lives and much of its vibrant capital, Port-au-Prince, was reduced to rubble. Since 2004, the United Nations has been in Haiti through MINUSTAH, in an ambitious attempt to help Haiti raise itself by its bootstraps. This effort has now acquired additional urgency. Is Haiti a failed state? Does it deserve a Marshall-plan-like program? What will it take to address the Haitian predicament? In this book, some of the world's leading experts on Haiti examine the challenges faced by the first black republic, the tasks undertaken by the UN, and the new role of hemispheric players like Argentina, Brazil and Chile, as well as that of Canada, France and the United States.

De l'identité européenne à l'Europe fédérale - Pascal Nicod 2008

The Declaration of the Rights of Man and the Citizen 1789 and 1793 - 1985

Mysticism - Evelyn Underhill 2020-05-16

Evelyn Underhill was one of the greatest spiritual writers of the twentieth century. Her legacy as a pivotal figure in Christian mysticism endures today. For her, true mysticism is first of all active and practical, an organic life process in which the whole self is engaged, rather than simply an intellectual apprehension. Underhill's magnum opus on the topic merits a reexamination since it is still used in most courses that explore the experience of God called mysticism and still attracts contemporary spiritual seekers. Excerpt: This book falls naturally into two parts; each of which is really complete in itself, though they are in a sense complementary to one another. Whilst the second and longest part contains a somewhat detailed study of the nature and development of man's spiritual or mystical consciousness, the first is intended rather to provide an introduction to the general subject of mysticism. Exhibiting it by turns from the point of view of metaphysics, psychology, and symbolism, it is an attempt to gather between the covers of one volume information at present scattered amongst many monographs and text-books written in divers tongues, and to give the student in a compact form at least the elementary facts in regard to each of those subjects which are most closely connected with the study of the mystics.

The Tin Flute - Gabrielle Roy 1989

A family in the Saint-Henri slums of Montreal struggles to overcome poverty and ignorance while searching for love.

Khomeini - Baqer Moin 2015-03-31

The Ayatollah Khomeini was the most radical Muslim leader of this age. In transforming himself from a traditional Muslim theologian into the charismatic Iranian ruler who took on the world, Khomeini launched an Islamic revival movement that, with the collapse of communism, quickly evolved for some as the centre-piece in the pantheon of western demonology, and for others as the inspiration for spiritual and political rebirth. Whether viewed as a hero by his supporters or as a villain by his enemies, Khomeini was undoubtedly one of the seminal figures of the twentieth century, whose influence will extend some way into the new millennium. Baqer Moin here explores how and why this frail

octogenarian, dressed in the traditional robes of a Muslim cleric, overthrew the secular Shah of Iran and became the spiritual leader of a new and militant Islamic regime. Still an enigma in the West, Khomeini transformed the Middle East and the world. But where did the man come from? What was his childhood and family background? What lay behind his implacable opposition to the Shah? What role did the turbulent events in Iran during his youth play in shaping Khomeini's political perceptions? What changed him from an obscure traditional theologian with mystical and poetic inclinations into a combative and highly vengeful radical? How will his vision of an international community of Muslims, a kind of Islamic Internationale, affect the Middle East? Drawing on many exclusive personal interviews with Khomeini's associates, on unpublished new materials and on the author's firsthand experience in Islamic seminaries, this biography provides a fascinating, well-documented and highly accessible analysis of the life and thought of one of the most controversial leaders of the late twentieth century.

The Cambridge History of French Thought - Michael Moriarty 2019-05-30

French thinkers have revolutionized European thought about knowledge, religion, politics, and society. Delivering a comprehensive history of thought in France from the Middle Ages to the present, this book follows themes and developments of thought across the centuries. It provides readers with studies of both systematic thinkers and those who operate less systematically, through essays or fragments, and places them all in their many contexts. Informed by up-to-date research, these accessible chapters are written by prominent experts in their fields who investigate key concepts in non-technical language. Chapters feature treatments of specific thinkers as individuals including Voltaire, Rousseau, Descartes and Derrida, but also more general movements and schools of thought from humanism to liberalism, via the Enlightenment, Romanticism, Marxism, and feminism. Furthermore, the influence of gender, race, empire and slavery are investigated to offer a broad and fulfilling account of French thought throughout the ages.

Theological Education in Contemporary Africa - Grant LeMarquand 2004

Part One addresses 'Theological Foundations.' The five essays in this section deal with the Bible, Theology and Ecumenism. The subjects of theological methods, contextual hermeneutics, and appropriate curriculum are given special attention. Of course even foundational issues cannot be discussed in a vacuum and so each of the essays addresses these foundational subjects in the light of African realities. Part Two deals with 'Contemporary Issues.' It is particularly in this section that the traditional themes in African theology have been somewhat displaced by concerns which are today very pressing indeed. Three essays are devoted to the question of HIV/AIDS. This disease, which has devastated the African continent, demands a theological and practical response from those who claim to follow Jesus Christ. If the churches do not respond to this crisis with energy and determination we should not be surprised if the next generation wonders whether the Gospel has the power which we claim that it has. Two essays address the question of Islam and Muslim-Christian Relations in Africa. The resurgence of Islam in the world today is a concern of many. For those who believe in Jesus, this is a challenge which demands much wisdom and love. How should we respond to our Muslim neighbours? What are appropriate and thoughtful ways to share the love of Christ? Two further essays appear under the title of 'The Marginalized.' This could, of course, be a much

large section. Those who suffer from AIDS could be included in this number, and one might have expected to see at least one essay on the place of women. In this volume, however, the 'disabled' and youth are highlighted. Both groups are clearly in need of the attention of the churches, and both groups are clearly misunderstood and neglected. The final section of Part Two contains essays, which focus attention on 'Theological Paedagogy.' All of the other contributions to this volume make suggestions and arguments about curriculum, resources, and issues of concern for theological educators. The causal aim of this book is that these essays may help us to reflect in an intentional way on the implications of contemporary realities for the future of theological education.

Authorities in the Middle Ages - Sini Kangas 2013-04-30

Medievalists reading and writing about and around authority-related themes lack clear definitions of its actual meanings in the medieval context. *Authorities in the Middle Ages* offers answers to this thorny issue through specialized investigations. This book considers the concept of authority and explores the various practices of creating authority in medieval society. In their studies sixteen scholars investigate the definition, formation, establishment, maintenance, and collapse of what we understand in terms of medieval struggles for authority, influence and power. The interdisciplinary nature of this volume resonates with the multi-faceted field of medieval culture, its social structures, and forms of communication. The fields of expertise include history, legal studies, theology, philosophy, politics, literature and art history. The scope of inquiry extends from late antiquity to the mid-fifteenth century, from the Church Fathers debating with pagans to the rapacious ghosts ruining the life of the living in the Sagas. There is a special emphasis on such exciting but understudied areas as the Balkans, Iceland and the eastern fringes of Scandinavia.

Histoire, Géographie, Géopolitique du monde contemporain • l'essentiel du cours et les clés pour réussir • Prépas ECS 1re année - 3e édition mise à jour - Nonjon Alain, Billard Hugo (coordinateurs) 2018-07-24

Pour donner de l'épaisseur à ce nouveau programme ambitieux mais exaltant, les auteurs de cet ouvrage ont décidé de donner aux étudiants des moyens proportionnés à ces ambitions : - Un unique volume qui couvre tout le programme, de façon synthétique... mais offrant un cours complet. - Une équipe d'enseignants rodés au terrain de la préparation et à la mise en avant des problématiques (trois ou quatre par chapitre). - Une maquette simple, axée sur ce qu'il faut retenir, ce dont il faut débattre, ce qu'il faut hiérarchiser dans le temps (des chronologies épurées), ce qui doit être évalué (chiffres clés), ce qui doit bien s'énoncer (lexique en fin d'ouvrage). - Un souci constant de déboucher sur une réflexion originale éloignée des clichés, avec un rappel en fin de chapitre des idées reçues débattues. - Des bibliographies commentées et ciblées : un ouvrage indispensable décrypté, des livres, des sites, des films... - Une préparation explicite aux quatre types d'exercices demandés aux candidats : des cartes croquis de synthèse conformes aux exigences des concours, des cartes commentées, des dissertations et des questions d'oral... rédigées et structurées.

Les pompiers pyromanes - Pascal Boniface 2015-06-25

Il faut combattre avec la même vigueur toutes les formes de racisme. La lutte contre l'islamophobie passe par la lutte contre l'antisémitisme. La lutte contre l'antisémitisme passe par la lutte contre l'islamophobie. C'est justement ce que ne font pas les pompiers pyromanes. Ils contribuent à dresser les communautés les unes contre les autres tout en mettant en accusation ceux qui réclament des droits égaux pour tous les enfants de la République. Comment expliquer l'omniprésence médiatique de quelques pseudo-intellectuels, journalistes, experts, dont l'imposture a été maintes fois démontrée ? Pascal Boniface met ici à nu ces pompiers pyromanes et nous révèle comment ils instrumentalisent les maux qu'ils prétendent combattre afin de servir leurs propres intérêts. Un texte choc et pragmatique pour déciller les yeux de chacun sur ces personnalités qui contribuent à dresser les communautés les unes contre les autres. Pascal Boniface, fondateur et directeur de l'IRIS (Institut de Relations Internationales et Stratégiques) enseigne à l'Institut d'études européennes de l'Université Paris 8 et est auteur d'une cinquantaine d'ouvrages dont *Les*

intellectuels faussaires (Éditions Jean-Claude Gawsewitch, 2011).

The Israel Lobby and U.S. Foreign Policy - John J. Mearsheimer 2007-09-04

The Israel Lobby, by John J. Mearsheimer of the University of Chicago and Stephen M. Walt of Harvard's John F. Kennedy School of Government, was one of the most controversial articles in recent memory. Originally published in the London Review of Books in March 2006, it provoked both howls of outrage and cheers of gratitude for challenging what had been a taboo issue in America: the impact of the Israel lobby on U.S. foreign policy. Now in a work of major importance, Mearsheimer and Walt deepen and expand their argument and confront recent developments in Lebanon and Iran. They describe the remarkable level of material and diplomatic support that the United States provides to Israel and argues that this support cannot be fully explained on either strategic or moral grounds. This exceptional relationship is due largely to the political influence of a loose coalition of individuals and organizations that actively work to shape U.S. foreign policy in a pro-Israel direction. Mearsheimer and Walt provocatively contend that the lobby has a far-reaching impact on America's posture throughout the Middle East—in Iraq, Iran, Lebanon, and toward the Israeli-Palestinian conflict—and the policies it has encouraged are in neither America's national interest nor Israel's long-term interest. The lobby's influence also affects America's relationship with important allies and increases dangers that all states face from global jihadist terror. Writing in *The New York Review of Books*, Michael Massing declared, "Not since Foreign Affairs magazine published Samuel Huntington's 'The Clash of Civilizations?' in 1993 has an academic essay detonated with such force." The publication of *The Israel Lobby and U.S. Foreign Policy* is certain to widen the debate and to be one of the most talked-about books in foreign policy.

Caliban and the Witch - Silvia Federici 2004

"Women, the body and primitive accumulation"--Cover.

The Dance of Death - Hans Holbein 1892

The Cambridge Dictionary of Statistics - B. S. Everitt 2006-08-17

If you use statistics and need easy access to simple, reliable definitions and explanations of modern statistical concepts, then look no further than this dictionary. Over 3600 terms are defined, covering medical, survey, theoretical, and applied statistics, including computational aspects. Entries are provided for standard and specialized statistical software. In addition, short biographies of over 100 important statisticians are given. Definitions provide enough mathematical detail to clarify concepts and give standard formulae when these are helpful. The majority of definitions then give a reference to a book or article where the user can seek further or more specialized information, and many are accompanied by graphical material to aid understanding.

Open Doors: Western New York African American Houses of Worship - Sharon R. Amos 2011

"Open doors: Western New York African-American houses of worship features sixty histories of tabernacles, temples, churches, fellowships, ministries and a mosque. This volume does not purport to be a complete compendium of African American houses of worship in Western New Yorkl however it does provide a representative sampling of predominantly African American congregations and African American worship leaders of Baptist, Catholic, Church of God in Christ, Lutheran, Methodist, Pentacostal, non-denominational and other demoninational congregations in Buffalo, Lackawanna, Lockport, and Niagara Falls, New York." -- Introduction, p. 17.

Dictionary of Canadian Biography - Frances G. Halpenny 1966

The Dictionary of Canadian Biography is the definitive biographical reference work in Canadian history. "No serious student of Canada's past can function without access to this thorough, balanced and reliable source." R. Hall, Globe and Mail.

Colour? What colour? - Sonntag, Albrecht 2015-11-27

The playing fields of football are built with the profound values of fair play, equality and mutual respect -- they sometimes also display unacceptable racist, xenophobic and intolerant views. To counter this challenge, UNESCO is acting across the board with all

its partners. In 2009, the European Club Association signed, on behalf of its 144 members, a Declaration promoting the inclusion of anti-discrimination and anti-racism clauses in players' contracts. Since then, in multiple partnerships with football clubs including Barcelona and Malaga FC (Spain), Ruby Shenzhen (China), Al Hilal (Saudi Arabia) and recently with Juventus Football Club (Italy) -- UNESCO has placed emphasis on the role of clubs in propagating the essential messages of tolerance, respect and inclusion. This Report offers the first exhaustive overview of the challenge and proposes good practice that can be taken forward by clubs everywhere. -- foreword.

Winter in Sokcho - Élisabeth Shua Dusapin 2021

As if Marguerite Duras wrote Convenience Store Woman--a beautiful, unexpected novel from a debut French-Korean author

Byzantine Rome and the Greek Popes - Andrew J. Ekonomou 2007-01-26

Byzantine Rome and the Greek Popes examines the scope and extent to which the East influenced Rome and the Papacy following the Justinian Reconquest of Italy in the middle of the sixth century through the pontificate of Zacharias and the collapse of the exarchate of Ravenna in 752. A combination of factors resulted in the arrival of significant numbers of easterners in Rome, and those immigrants had brought with them a number of eastern customs and practices previously unknown in the city. Greek influence became apparent in art, religious ceremonial and liturgics, sacred music, the rhetoric of doctrinal debate, the growth of eastern monastic communities, and charitable institutions, and the proliferation of the cults of eastern saints and ecclesiastical feast days and, in particular, devotion to the Theotokos or Mother of God. From the late seventh to the middle of the eighth century, eleven of the thirteen Roman pontiffs were the sons of families of eastern provenance. While conceding that over the course of the seventh century Rome indeed experienced the impact of an important Greek element, some scholars of the period have insisted that the degree to which Rome and the Papacy were 'orientalized' has been exaggerated, while others argue that the extent of their 'byzantinization' has not been fully appreciated. The question has also been raised as to whether Rome's oriental popes were responsible for sowing the seeds of separatism from Byzantium and laying the foundation for a future papal state, or whether they were loyal imperial subjects ever steadfast politically, although not always so in matters of the faith, to the reigning sovereign in Constantinople. Finally, there is the important issue of whether one could still speak of a single and undivided imperium Roman christianum in the seventh and early eighth centuries or whether the concept of imperial unity in the epoch following Gregory the Great was a quaint and fanciful fiction as East and West, ignoring and misunderstanding one another, began to go their separate ways. Byzantine Rome and the Greek Popes provides a guide through this complicated and often contradictory history.

Compiler Construction -

Putin : Game Master? - Jacques Baud 2022-10-03

Has Vladimir Putin become the master of the game? Why and how did the Russian President decide to attack Ukraine? Did he seek to prevent Ukraine from associating with Europe? Does he seek to reconstitute the USSR? Did NATO promise not to expand east after 1990? Is the Nord Stream 2 project the sinews of war? Is Ukraine's neutrality the only solution? Has Russia ever lost or won the war?... Based on the files of the intelligence services and official reports, Jacques Baud thus reviews the events of the recent history of Russia, which led to the war with Ukraine; it analyzes the various disputes between the West and Russia, and sheds light on the role that Putin plays today on the international scene. Jacques Baud is a former member of Swiss strategic intelligence, a specialist in Eastern European countries and head of United Nations peace operations doctrine. He was engaged in negotiations with top Russian military and intelligence officials right after the fall of the USSR. Within NATO, he participated in programs in Ukraine and in particular after the Maidan revolution in 2014 and 2017. He is the author of several books on intelligence, war and terrorism, and in particular *Governing by fake news* and *The Navalny affair*, published by Max Milo.

The Arab Revolution - Jean-Pierre Filiu 2011-11-23

"First published in the United Kingdom in 2011 by C. Hurst & Co."--T.p. verso.

The Roman Martyrology .. - Catholic Church Martyrology 2018-11-08

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

An Epitome of the History of Medicine - Roswell Park 1897

Clothing Sacred Scriptures - David Ganz 2018-12-03

According to a longstanding interpretation, book religions are agents of textuality and logocentrism. This volume inverts the traditional perspective: its focus is on the strong dependency between scripture and aesthetics, holy books and material artworks, sacred texts and ritual performances. The contributions, written by a group of international specialists in Western, Byzantine, Islamic and Jewish Art, are committed to a comparative and transcultural approach. The authors reflect upon the different strategies of »clothing« sacred texts with precious materials and elaborate forms. They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience. By exploring how art shapes the religious practice of books, and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture and art.

British Family Names - Henry Barber 1894

L'état de la judéomanie - Jean Robin 2008

Il fallu des années d'efforts à Théodore Herzl pour convaincre sa communauté de l'intérêt de la Création d'un Etat juif : titre de son plus fameux livre qui posait les bases de ce qui ne s'appelait pas encore Israël. Aujourd'hui, plus de cent ans après la parution de ce livre, Israël a été créé, dans la douleur, mais l'idée sioniste s'était bel et bien réalisée, après avoir été ignorée au départ, puis rapidement très critiquée et même villipendée par certains. Le message d'Herzl, Israël comme espoir anti-antisémite, est devenu avec la Deuxième Guerre Mondiale l'espoir post-Shoah. Il fallut aussi des années de traversée du désert à Raul Hilberg pour enfin se faire entendre de sa propre communauté, et du reste de l'humanité. Déjà, en 1955, il avait éprouvé le plus grand mal à publier sa thèse sur La bureaucratie sous l'Allemagne nazie sous la direction de Franz Leopold Neumann. Mais son ouvrage majeur, La Destruction des Juifs d'Europe, parut en 1961 dans l'indifférence générale. Malgré le procès Eichmann, l'extermination des Juifs suscitait alors peu d'intérêt. Avec le temps, l'évolution des mentalités et les rééditions plus complètes de Hilberg, ce livre est devenu la référence mondiale sur la Shoah. C'est sous le patronage de ces deux grands hommes que Jean Robin se place, convaincu qu'il est que la dénonciation de la judéomanie suivra le même parcours que l'Etat Juif de Herzl et La destruction des Juifs d'Europe de Hilberg : ignorance et mépris au départ, critique virulente par la suite, avant de s'imposer comme la référence sur cette nouvelle source de l'antisémitisme encore jamais étudiée et pourtant si réelle.

Géopoliticien - Source Wikipedia 2013-09

A batalha do Kuito Kuanavale e o desanuviamiento político da África Austral - Issau Agostinho 2016-01-14

Issau Agostinho frequentou e obteve o título de Mestre em Relações Internacionais e Estudos Europeus, pela Universidade La Sapienza di Roma, no âmbito do programa Erasmus Mundus, coordenado pela Universidade do Porto. É colaborador e articulista da revista italiana *ilcaffegeopolitico*, especializada na análise de política internacional, autor de artigos, em português, em relações internacionais na revista *Eurasia*. Tem várias participações em conferências internacionais científicas, em matérias afins, entre Itália, Alemanha e em Angola, mormente junto do Instituto Superior de Relações Internacionais (ISRI), junto do qual fez a Licenciatura e foi Presidente da AEIRI-Associação de Estudantes, no período entre 2

A History of the Warfare of Science with Theology in Christendom - Andrew Dickson White 1896

The Global Theme Park Industry - Salvador Anton Clavé 2007

Since the 1980s, the theme park industry has developed into a global phenomenon, with everything from large, worldwide theme parks to countless smaller ventures. From the first pleasure gardens to the global theme park companies, this book provides an understanding of the nature and function of theme parks as spaces of entertainment. Illustrated throughout by worldwide case studies, empirical data and practical examples, the book portrays the impacts of theme park as global competitive actors, agents of global development and cultural symbols, particularly in the context of their role in the developing experience economy. In conclusion, this book is a practical guide to the planning and development of theme parks.

The Monstrous Regiment of Women - S. Jansen 2002-10-17

In *The Monstrous Regiment of Women*, Sharon Jansen explores the case for and against female rule by examining the arguments made by theorists from Sir John Fortescue (1461) through Bishop Bossuet (1680) interweaving their arguments with references to the most well-known early modern queens. The 'story' of early modern European political history looks very different if, instead of focusing on kings and their sons, we see successive generations of powerful women and the shifting political alliances of the period from a very

different, and revealing, perspective.
The History of Magic - Éliphas Lévi 1913

Operation Z - Jacques Baud 2023-03-07

Why did Putin launch Operation Z in Ukraine? Are Ukrainian forces using neo-Nazi volunteers? What are the forces involved and the reality of the military conflict for the past six months? What do we know about war crimes like Butcha? Have Western economic sanctions worked? Has the massive shipment of arms by the West had an effect on the conflict? After the best-seller *Putin: Master of the Game*, whose analysis has been praised worldwide, Jacques Baud returns in this book to the root causes of the war in Ukraine and the reasons that pushed Vladimir Putin to intervene on February 24, 2022. Using information from intelligence services and official reports, he analyzes the course of the military actions and the way they were interpreted in the West. He explains the political and economic upheaval of the world order, as well as the long-term consequences of Western sanctions on our daily lives. It reveals how the conflict could have been avoided and what avenues were deliberately left open by the United States and Europe. Colonial Jacques Baud is a former member of the Swiss Strategic Intelligence, a specialist in Eastern Europe and former head of Doctrine of the United Nations Peace Operations. Within NATO, he was involved in programs in Ukraine, including after the Maidan Revolution of 2014 and 2017. He is the author of several books on intelligence, war and terrorism, including *Putin, Master of the Game? Governing by Fake News*, and *The Navalny Affair*, all published by Max Milo.

The Lives of the Saints - Sabine Baring-Gould 1898

Poutine : Maître du jeu ? - Jacques Baud 2022-03-15

Vladimir Poutine est-il devenu le maître du jeu ? Pourquoi et comment le Président russe a décidé d'attaquer l'Ukraine ? A-t-il cherché à empêcher l'Ukraine de s'associer à l'Europe ? Cherche-t-il à reconstituer l'URSS ? L'OTAN a-t-elle promis de ne pas s'étendre vers l'Est après 1990 ? En s'appuyant sur les dossiers des services de renseignement et les rapports officiels, Jacques Baud passe ainsi en revue les événements de l'histoire récente de la Russie, qui ont conduit à la guerre avec l'Ukraine ; il analyse les différents contentieux entre l'Occident et la Russie, et éclaire sur le rôle que joue aujourd'hui Poutine sur la scène internationale. L'ouvrage se présente sous forme de questions rattachées à l'actualité, qui facilitent l'accès à une explication équilibrée des événements et jette sur eux une lumière parfois très différente de celle propagée par les médias.

Manuscripts and Medieval Song - Helen Deeming 2015-05-28

This in-depth exploration of key manuscript sources reveals new information about medieval songs and sets them in their original contexts.

The Bad Popes - Eric Russell Chamberlin 1986

The stories of seven popes who ruled at seven different critical periods in the 600 years leading into the Reformation.

The Footprints of the Jesuits - Richard Wigginton Thompson 1894

The Footprints of the Jesuits by Richard Wigginton Thompson, first published in 1894, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.
