Beyond the Rock - Janelle McCulloch 2017-04

In the winter of 1966, at sixty-nine years of age, Lady Joan Lindsay sat down and wrote a short novel about a group of upper-class schoolgirls from a prestigious ladies' college who disappear while on a country picnic in the summer of 1900. The result was *Picnic at Hanging Rock*, a literary mystery that has endured for half a century. *Beyond the Rock* looks at not just the myth of *Picnic* and how it has become part of Australia's culture, but also the story behind it. It examines Joan Lindsay's enigmatic life, much of which she kept secret from the world, including her childhood, her complex marriage to Daryl Lindsay of the famous Lindsay family of artists, their enduring love and unconventional bohemian life, and her life at Mulberry Hill, the Lindsays' own Arcadia deep in the Victorian countryside. This is the story of one of Australia's most famous novels, and the author who kept its secrets until she died.

Picnic at Hanging Rock - Anna Backman Rogers 2022-10-06

Peter Weir's haunting and allusive *Picnic at Hanging Rock* (1975), set in 1900, tells the story of the mysterious disappearance of three schoolgirls and their teacher on a trip to a local geological formation. The film is widely hailed as a classic of new Australian cinema, seen as exemplary of a peculiarly Australian style of heritage filmmaking. Anna Backman Rogers' study considers *Picnic* from feminist, psychoanalytic and decolonialising perspectives, exploring its setting in a colonised Australian bushland in which the Aboriginal people are a spectral presence in a landscape stolen from them in pursuit of the white man's 'terra nullius'. She delves into the film's production history, addressing director Weir's influences and preoccupations at the time of its making, its reception and its lasting impact on visual culture more broadly. Rogers addresses the film's treatment of the young schoolgirls and their teachers, seemingly, as embodiments of an archetype of the 'eternal feminine', as objects of the male gaze, and in terms of ideas about female hysteria as a protest against gender norms. She argues that *Picnic* is, in fact, highly subversive: a film that requires its viewers to read its seductive surfaces against the grain of the image in order to uncover its psychological depths.

We Don't Go Back - Howard David Ingham 2018-07-08

Secret, strange, dark, impure and dissonant...Enter the haunted landscapes of folk horror, a world of pagan village conspiracies, witch finders, and teenagers awakening to evil; of dark fairy tales, backwoods cults and obsolete technologies. Beginning with the classics *Night of the Demon*, *Witchfinder General*, *The Wicker Man* and *Blood on Satan's Claw*, *We Don't Go Back* surveys the genre of screen folk horror from across the world. Travelling from *Watership Down* to *The Texas Chain Saw Massacre*, with every stop inbetween, *We Don't Go Back* is a thoughtful, funny and essential overview of folk horror in TV and cinema."A beautiful

rumination on the dark films and television that shaped me and a generation of odd children, for good or ill, worth a year of your time, because you won't just read the book, you'll feel a burning desire to watch everything mentioned within." - Robin Ince "A comprehensive, accessible and often riotously funny tome weaving together folk horror in all its forms, from British television to the American backwoods, from Eastern European fairytales to the vengeful ghosts of East Asia. Ingham explores uncanny landscapes haunted by things buried, old cultures converging with the reluctance of contemporary reason, that very tension that gives his book its name. He attempts to both define folk horror and free it from definition, creating the ultimate guide to the genre's manifestations on film and offering a convincing argument as to why the genre resonates so compellingly with people today." - Kier-La Janisse, author of *House of Psychotic Women*

Picnic en Hanging Rock - Joan Lindsay 2010-10-29

Febrero de 1900. Un grupo de alumnas del selecto colegio Appleyard para señoritas se dispone a celebrar un picnic el día de San Valentín. Lo que empieza siendo una inocente comida campestre se torna en tragedia cuando tres niñas y una profesora desaparecen misteriosamente entre los recovecos de Hanging Rock, un imponente conjunto de rocas rodeado de la salvaje y asfixiante vegetación australiana. La única chica que logra regresar, presa de la histeria, no recuerda nada de lo sucedido.

Considerada una de las más desazonantes novelas de culto de la literatura anglosajona, «Picnic en Hanging Rock» dio lugar a una aclamadísima película de Peter Weir, que contribuyó a incrementar el éxito de una obra ya mítica. Jamás se reveló si los hechos narrados fueron reales o no, y ese ambiguo e intrigante juego alentó la aparición de una legión de seguidores que afirmaban conocer lo ocurrido aquel aciago día de San Valentín en el sobrecogedor paisaje de Hanging Rock.

Hanging Rock Reserve is a popular recreation arena, north of Melbourne. At its heart stands the Rock itself, a massive volcanic outcrop rising above undulating forest and farmland. Hanging Rock is celebrated as the site of outdoor concerts by popular music legends such as Bruce Springsteen and Leonard Cohen. Great Australian artists and pioneer photographers came to Hanging Rock, trying to capture its enigmatic spirit. What's more, Joan Lindsay's novel, *Picnic at Hanging Rock*, and Peter Weir's 1975 film of the same name, have added to that aura of mystery surrounding Hanging Rock. Visitors wonder if, as in both novel and film, a group of schoolgirls really did vanish there, during a

St Valentine's Day picnic in 1900. Hanging Rock though has a deeper history. Its fortress-like rock walls fascinate all who visit the recreation reserve, and are the result of rare volcanic events, some six million years ago. For thousands of years, Hanging Rock was a meeting place for Aboriginal people, a centre for barter in greenstone and the site of ceremony. It has been at the centre of disputes, between farmers using its water, and picnickers holidaying in the reserve. Hanging Rock horse races are much loved as the classic bush meeting. But horse racing, gambling and drinking within a recreation reserve have raised the ire of environmentalists and anti-gamblers. There have been many plans to `improve Hanging Rock; to turn it into a quarry, a zoo, or a theme park. But despite all the grandiose schemes, Hanging Rock still holds a special place in the Australian imagination. This is the story of how Hanging Rock survived all of these `improvements, to remain a special place for visitors, an icon of global popular culture, and a place that raises new questions about Aboriginal history.

Peter Weir - Marek Haltof 1996

During the course of his twenty-odd-year filmmaking career, Peter Weir has accomplished what so many of his protagonists have failed to do: he has become an accepted, integral part of an unfamiliar culture. At the core of most of his films and at the least peripheral to all of them is the idea of the outsider trying - and ultimately failing - to come to terms with a culture vastly different

from his own. Weir, a native of Australia whose name was synonymous with Australian cinema in the 1970s, turned to American filmmaking in the 1980s and never looked back. In *Peter Weir: When Cultures Collide*, Marek Haltof traces Weir's journey from intensely Australian filmmaker to successful Hollywood director, along the way finding surprisingly consistent evidence of Weir's thematic and visual interests despite dramatic changes in his choices of story and locale.

Law, Lawyers and Justice - Taylor & Francis Group 2021-12-13

This book engages with the place of law and legality within Australia's distinctive contribution to global televisual culture. Australian popular culture has created a lasting legacy - for good or bad - of representations of law, lawyers and justice 'down under'. Within films and television of striking landscapes, peopled with heroes, antiheroes, survivors and jokers, there is a fixation on law, conflicts between legal orders, brutal violence and survival. Deeply compromised by the ongoing violence against the lives and laws of First Nation Australians, Australian film and television has sharply illuminated what it means to live with a 'rule of law' that rules with a legacy, and a reality, of deep injustice. This book is the first to bring together scholars to

reflect on, and critically engage with, the representations and global implications of law, lawyers and justice captured through the lenses of Australian film, television and social media.

Exploring how distinctively Australian lenses capture uniquely Australian images and narratives, the book nevertheless engages these in order to provide broader insights into the contemporary translations and transmogrifications of law and justice.

Essay from the year 1998 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 2+ (B), University of Potsdam (Anglistik/Amerikanistik), course: Contemporary Australian Film, 0 entries in the bibliography, language: English, abstract: Peter Weir, a famous Australian director, made film hits like *Greencard* and *Dead Poet Society*. His film *Picnic at Hanging Rock* (1976) was his first big success, as well in Australia as in Europe. The story is based on a novel written in 1967 by Joan Lindsay, and it is not certain whether part of it is taken from a true incident or whether it is pure fiction. *Picnic at Hanging Rock* is a mystery film that does not give an answer to the mysteries it tells. Maybe because there are none, just like the college's gardener says "Some questions have answers, some don't." Time plays an important part in the film. On the one hand there are several indicators of time that put emphasis on the importance of time. On the other hand time seems to be put out of order, there appear to be situations which happen timeless. These contrasting time aspects and the mystery connected with them shall be analysed in the following. In both spheres the time factor plays an important role. This is shown by several unmistakable indicators.
