Imagined Democracies - Yaron Ezrahi 2012-10-15

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass

media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

Finding myself across the room from the hot therapist I kissed on New Year's Eve only makes me push my problems down further. I want couch time with her but not the kind she's used to. I decide to lie to her just to finish off my therapy so I can do what I really want—date her—even if she says she doesn't date hockey players. Just when my therapy sessions are up and I've made some headway with Paisley, it's my parents who throw another wrench in my plans. If I abide by my parent's wishes to marry the one they've chosen, I'll lose Paisley forever. But if I go against my parents, I'm failing my deceased best friend all over again.

Founded on Goodbye - Kat Singleton 2021
His songs were better when he had a broken heart. That sentence would change my life after my dream job was dished to me on a shiny, silver platter. All I had to do? Hurt Nash Pierce enough to get him writing good music again. The pop icon's songs were no longer the phenomena they

used to be. His team needed another breakthrough album--like the first he'd penned, using his heartbreak as fuel. The plan was simple: I'd go on tour with him as a backup dancer...and make him fall in love with me. I was hired to inspire--to become embedded into every lyric he wrote. Then, I was to set fire to it all--to destroy every feeling we hoped he'd develop for me. It seemed simple enough. Easy, even. I didn't expect to be consumed myself--to see so much in the man displayed in the tabloids. I didn't foresee falling for him. It didn't occur to me that, while attempting to break his heart, I might just shatter my own. Most of all, I never thought I'd fight so hard to hold on to a relationship that had always been founded on goodbye.

Kabbalah for Beginners - Theo Lalvani
2021-05-16

The Kabbalah has long languished in darkness, unknown outside the confines of Jewish Mysticism and the communities who practiced it. But today, the Kabbalah is well-known but often misunderstood. The story of Kabbalah is as old as Judaism itself, with many of the ideas present in the Hebrew Scriptures interpreted in the canon of Kabbalah. Applying Jewish theological premises and Neo-Platonist cosmology, the Kabbalists created a systematic interpretation of familiar Creation Narrative in the Book of Genesis, which today illuminates and serves Judaism. At the same time, Kabbalistic concepts have entered mainstream consciousness with great interest expressed in mainstream Christianity and even in modern science.

His fictional universe is rooted heavily in Dublin and reflects his family life and events, friendships and enmities from school and college times. Bought with Blood - Derek Prince 2007-08-01 At the cross Christ made possible a "divine exchange" for everyone who believes in him. What is this exchange? Because Jesus endured all the evil due to humankind, believers can actually partake in all the good due to him. In this meaty book, acclaimed scholar Derek Prince explores the astounding results of the atonement for followers of Christ. In place of punishment, wounding, death, poverty, shame, and rejection, Christ freely offers forgiveness, healing, life, abundance, glory, and acceptance. In addition, Prince gives biblical grounding for five areas of deliverance that are made available through the cross: deliverance from this present evil age, from the law, from self, from the flesh, and from

the world. This brand-new edition includes a new mini-study course at the end of each chapter, perfect for individual or small group study.

Silence within and beyond Pedagogical Settings - Eva Alerby 2020-09-15

This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts.

Tangled Up In You - Barbara Freethy 2022-03-15 "Barbara Freethy is one of my favorite authors! Cinthia - Goodreads Molly Trent is a passionate herbalist whose sorrow-filled childhood has driven her to a new mission in life—to make people feel better. Unfortunately, a series of burglaries at her wellness shop and a disgruntled customer put her in the path of a cynical and suspicious detective, who thinks she does more harm than good. The chemistry between them almost makes him wonder if she hasn't cast some sort of spell over him. But he fights their attraction hard, because he doesn't do forever, and he can't imagine that

an optimistic romantic like Molly would settle for anything less. But when they get tangled up in life and love, anything can happen... Irresistible and captivating romance awaits in *TANGLED UP IN YOU*, the next book in the Whisper Lake Series. An Earl In Time (a Regency Fairytale Romance) - Ruth Ann Nordin
Willow Knudson just inherited an English estate that she intends to sell. There are two problems. One, she's unable to sign the contract, and two, she can't even leave the property. She's not superstitious by nature, but common sense tells her something strange is going on. In 1817, Julian Azazel, the Earl of Blackwell, went to his country estate to tend to his father's funeral. That evening a missive came from a stranger warning him that when the clock struck midnight, he was going to be cursed to relive the same day. He laughed it off and threw the missive in the fire. Two centuries later, he's no longer laughing. The curse is real. From before they were born, Willow and Julian were destined to meet on June 17, 1817. Willow had assumed wealthy and titled gentlemen would be snobs, but Julian turns out to be the kindest person

she's ever met. And even better, he's more attractive in person than he was in his portrait. It's enough of a temptation to convince her to stay in the past forever. At long last, the aching loneliness that has plagued Julian's life for centuries is at an end. Not only is there someone who understands what he has been going through, but she's far lovelier than he recalls any of the ladies in London being. But isn't it selfish to ask a lady from another time to give up everything to live under a curse with him? The path to happy endings can get complicated, especially when magic is involved. This fairytale romance features a dark villain, a curse, fairies, a hero who is an earl from the Regency era, and a heroine from modern times. People who enjoy Grimm's fairy tales and romance will enjoy this tale of true love conquering the darkest of curses. Please note: This is a standalone book. It is not part of a series.
