Our books collection hosts in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the *organizational behavior 15th edition robbins judge* is universally compatible with any devices to read

Management - Stephen P. Robbins 2020

"This course and this book are about management and managers.

Managers are one thing that all organizations--no matter the size, kind, or location--need. And there's no doubt that the world managers face has changed, is changing, and will continue to change. The dynamic nature of today's organizations means both rewards and challenges for the individuals who will be managing those organizations. Management is a dynamic subject, and a textbook on it should reflect those changes to help prepare you to manage under the current conditions. We've written this 14th edition of *Management* to provide you with the best possible understanding of what it means to be a manager confronting change and to best prepare you for that reality. But not every student aspires to a career in management. And even if you do, you may be five or ten years away from reaching a managerial position. So you might rightly feel that taking a course in management now may be getting ahead of the game. We hear you. In response to these concerns, we've added new material to this book that is important and relevant to everyone working in an organization--manager and non-manager alike. Our "Workplace Confidential" pages identify, analyze, and offer suggestions for dealing with the major challenges that surveys indicate frustrate employees the most. You should find these pages valuable for helping you survive and thrive in your workplace. Surprisingly, this topic has rarely been addressed in business programs. Inclusion in an introductory management course appeared to us to be a logical place to introduce these challenges and to provide guidance in handling them"--

Organisational Behaviour - Stephen P. Robbins 2001

This book is the first Southern African edition of Stephen P. Robbins's *Organizational Behaviour*, the best-selling organisational behaviour textbook worldwide.

Decide and Conquer - Stephen P. Robbins 2014-10-06

Make better decisions – every day, everywhere! *Decide and Conquer*, Second Edition brings together all the practical skills you need to do just that. This quick, concise book identifies every key obstacle to quality decision-making and shows exactly how to overcome them. You'll discover how your personality impacts your decision-making, why instincts and

experience can lead you astray, how to simplify complex decisions without oversimplifying them and much more. Renowned management author Dr. Stephen P. Robbins translates cutting-edge research findings about human behavior and decision-making into language anyone can understand – and act upon. In this Second Edition, he provides many new and updated examples, updated research, and new coverage, including these crucial new topics: Are you a Maximizer or a Satisficer – and what it means for your decision-making Overcoming the familiarity bias, adaptation bias, and fear-of-loss bias How to stop throwing good money after bad Knowing when doing nothing is your best option Accounting for gendered decision-making styles *Decide and Conquer*, Second Edition covers everything from goal-setting and risk-taking to overconfidence to procrastination, and offers indispensable insights for overcoming the multiple biases that are built into all human decision-makers. You'll use Robbins' powerful techniques to improve every decision you make – about your relationships, career, finances, everything!

Organizational Behavior - Fred Luthans 2015-06-01

Our goal with this 13th Edition is to keep this first mainline organizational behavior text up-to-date with the latest and relevant theory building, basic and applied research, and the best-practice applications. We give special recognition of this scientific foundation by our subtitle - *An Evidence-Based Approach*. As emphasized in the introductory chapter, the time has come to help narrow the theory/research—effective application/practice gap. This has been the mission from the beginning of this text. As “hard evidence” for this theory/research based text, we can say unequivocally that no other organizational behavior text has close to the number of footnote references. For example, whereas a few texts may have up to 40 or even 50 references for a few chapters, all the chapters of this text average more than twice that amount. This edition continues the tradition by incorporating recent breakthrough research to provide and add to the evidence on the theories and techniques presented throughout. Two distinguishing features that no other organizational behavior textbook can claim are the following: 1) We are committed at this stage of development of the field of OB to a comprehensive theoretical framework to structure our text. Instead of the typical potpourri of chapters and topics, there is

now the opportunity to have a sound conceptual framework to present our now credible (evidence-based) body of knowledge. We use the widely recognized, very comprehensive social cognitive theory to structure this text. We present the background and theory building of this framework in the introductory chapter and also provide a specific model (Figure 1.5) that fits in all 14 chapters. Importantly, the logic of this conceptual framework requires two chapters not found in other texts and the rearrangement and combination of several others. For example, in the opening organizational context part there is Chapter 4, “Reward Systems,” and in the cognitive processes second part, Chapter 7, “Positive Organizational Behavior and Psychological Capital,” that no other text contains. 2) The second unique feature reflects our continuing basic research program over the years. Chapter 7 contains our most recent work on what we have termed “Positive Organizational Behavior” and “Psychological Capital” (or PsyCap). [The three of us introduced the term “Psychological Capital” in our joint article in 2004]. To meet the inclusion criteria (positive; theory and research based; valid measurement; open to development; and manage for performance improvement), for the first time the topics of optimism, hope, happiness/subjective well-being, resiliency, emotional intelligence, self-efficacy, and our overall core construct of psychological capital have been given chapter status. Just as real-world management can no longer afford to evolve slowly, neither can the academic side of the field. With the uncertain, very turbulent environment most organizations face today, drastically new ideas, approaches, and techniques are needed both in the practice of management and in the way we study and apply the field of organizational behavior. This text mirrors these needed changes. Social Cognitive Conceptual Framework. The book contains 14 chapters in four major parts. Social cognitive theory explains organizational behavior in terms of both environmental, contextual events and internal cognitive factors, as well as the dynamics and outcomes of the organizational behavior itself. Thus, Part One provides the evidence-based and organizational context for the study and application of organizational behavior.

Essentials of Organizational Behavior - Stephen P. Robbins 2018

For courses in organizational behavior. A streamlined presentation of key organizational behavior concepts *Essentials of Organizational Behavior* teaches readers how to communicate and interact within organizations, through real-world scenarios. The text offers comprehensive coverage of key organizational behavior (OB) concepts, making each lesson engaging and easy to absorb. Visit mymanagementlab.com for more information.

Discovering Leadership - Anthony Middlebrooks 2018-12-15

An introductory leadership textbook that guides students through the

concept of leadership by design, a theory that involves planning each step of their leadership development, focusing on practical skills and valuable attributes that will maximize their leadership success now and into the future. Organized around five major design challenges, each challenge is explored in a stand-alone module. Students begin the leadership journey with themselves, understanding their own strengths, styles, and skills. The text moves on to relationships, exploring how leadership is a process that involves values, decision-making, motivation, and power. A module on others' success unpacks the most effective practices of leadership and management, this is followed by a module on leading culture, teams, and community, before concluding with a section on how leaders can create lasting, positive change. The book covers foundational leadership topics with a strong emphasis on skill building and helping develop CORE competencies: confidence, optimism, resiliency, and engagement. Students are encouraged to develop these skills through experiential learning, with multiple features in each chapter such as reflective and scenario-based exercises, and case studies of internationally recognized companies like Amazon and Proctor & Gamble, along with interviews with Fortune 500 Company CEOs. There are online resources for instructors and students, which include: Test bank, PowerPoint slides, an instructor manual, teaching tips, answers to in-text questions, multimedia resources, quiz questions, and flashcards. Suitable reading for first and second year undergraduates on Leadership, Introduction to Leadership, and Leading Organizations courses

Organizational Behavior - Fred Luthans 2011

Organisational Behavior by Fred Luthans was one of the first mainstream organisational behavior texts on the market and continues the tradition of being the most current and up-to-date researched text today. Well-known author Fred Luthans is the 5th most prolific Publisher in Academy of Management Journals and a senior research scientist with the Gallup Organization, who continues to do research in the organisational behavior area. The Twelfth Edition of Organisational Behavior is ideal for instructors who take a research-based and conceptual approach to their OB course.

Classics of Organization Theory - Jay M. Shafritz 1978

This volume collects the most important works in organization theory, as written by the most influential authors in the field. These are the works of the "masters"-and, having withstood the test of time, the ideas presented by each of the works are commonly referenced in the study of organizational theory. This text is designed to help students learn about, understand, and appreciate key themes and perspectives in the field. The authors begin the text by describing what organization theory is, how it has developed, and how its development has coincided with developments in other fields. Each chapter focuses on one major perspective of organization theory, helping students absorb these concepts before moving onto new ones.

Introduction to Organisational Behaviour - Michael Butler 2011-01-27

Ideal for anyone studying an introductory module in organisational behaviour, *Introduction to Organisational Behaviour* is a rigorous critique of all essential organisational behaviour topics. A comprehensive book with extensive accompanying online resources makes this a must-have package for anyone wanting to understand the theory and practice of organisational behaviour. Practitioner case studies, supporting video interviews where solutions and approaches are discussed, review questions at the end of every chapter make this an essential resource. Covering organisational behaviour in the context of individuals, groups and teams and managing organisations as well as the importance of organisational structures and emerging issues, *Introduction to Organisational Behaviour* gives understanding and guidance on the full spectrum of organisational behaviour issues. Supported by extensive online resources including video interviews, clips of key skills lecture slides, additional tutorial activities and a test bank of multiple choice questions make this a truly integrated print and electronic learning package.

[The Discover Your True North Fieldbook](#) - Nick Craig 2015-07-15

A personal guide for becoming an authentic leader Whether you are just starting your leadership journey or leading a large organization, *The Discover Your True North Fieldbook* will help you find your leadership purpose, that internal Compass that provides direction and keeps you oriented—your True North. Through a series of reflective exercises, this Fieldbook helps you become a better leader by learning to be a more authentic one. This Fieldbook both personalizes and unlocks the central lessons of its companion book, *Discover Your True North* by Bill George. It shares the most powerful insights that coauthors Nick Craig, Bill George, and Scott Snook have learned from helping more than 10,000 leaders discover and live up to their fullest potential. Each chapter contains potent exercises that help you mine your life story for deep insights and important patterns. As you work your way through these reflections, you will gain a clearer sense of who you are and why you lead—the essence of an authentic leader. We offer an identity-based approach to leader development. Rather than telling you how to lead, the Fieldbook guides you through an intimate process of personal discovery. By understanding your life story and sharpening your personal narrative, you will discover the unique leader you were meant to be. On the way, you will work through the same lessons taught to MBA students at Harvard Business School, as well as senior executives in many Fortune 100 companies. *The Discover Your True North Fieldbook* will help you: Become more self-aware and self-accepting Locate that sweet spot at the intersection of your passions and strengths Identify and lead from your core values when it matters most Build a robust support team to guide you through difficult times Discover your leadership purpose, the essence of who you are, your True North Stay grounded by integrating all aspects of your life Grow as a global leader Help others become authentic leaders To help you actually

live your True North, this Fieldbook concludes by offering a rigorous, step-by-step process that generates a customized, behaviorally anchored Personal Leadership Development Plan. This plan not only summarizes and integrates everything you've learned completing this Fieldbook, but does so in a way that supports immediate action and impact. Welcome to your journey toward authentic leadership. Welcome to your True North. Visit www.DiscoverYourTrueNorth.org to learn more.

Management, Global Edition - Stephen P. Robbins 2015-06-01

The Truth About Managing People - Stephen P. Robbins 2012-10-09

In the Third Edition of the bestselling book, *The Truth About Managing People*, bestselling author Stephen Robbins shares even more proven principles for handling virtually every management challenge. Robbins delivers 61 real solutions for the make-or-break problems faced by every manager. Readers will learn how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve your hiring and employee evaluations; how to heal "layoff survivor sickness"; how to manage a diverse culture; and ways to lead effectively in a digital world. New truths include: how to nurture friendly employees, forget about age stereotypes, first impressions count, be a good citizen, techniques for managing a diverse age group, and ethical leadership among others.

Bad Blood - John Carreyrou 2018-05-21

NATIONAL BESTSELLER • The gripping story of Elizabeth Holmes and Theranos—one of the biggest corporate frauds in history—a tale of ambition and hubris set amid the bold promises of Silicon Valley, rigorously reported by the prize-winning journalist. With a new Afterword covering her trial and sentencing, bringing the story to a close. "Chilling ... Reads like a thriller ... Carreyrou tells [the Theranos story] virtually to perfection." —The New York Times Book Review In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the next Steve Jobs: a brilliant Stanford dropout whose startup "unicorn" promised to revolutionize the medical industry with its breakthrough device, which performed the whole range of laboratory tests from a single drop of blood. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes's worth at an estimated \$4.5 billion. There was just one problem: The technology didn't work. Erroneous results put patients in danger, leading to misdiagnoses and unnecessary treatments. All the while, Holmes and her partner, Sunny Balwani, worked to silence anyone who voiced misgivings—from journalists to their own employees.

Management - Stephen P. Robbins 2009

Organizational Behavior - Stephen P. Robbins 2018

This brief alternative for the organisational behaviour course covers all the key concepts needed to understand, predict and respond to the behaviour

of people in real world organisations, including cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course.

Organizational Behavior - Stephen P. Robbins 2009

Robbins/Judge provide the research you want in the language your students understand; accompanied with the best selling self-assessment software, SAL. Some topics include management functions; the social sciences; helping employees balance work and other responsibilities; improving people skills; improving customer service; motivational concepts; communication; power and politics; conflict and negotiation; culture; and stress management. Globally accepted and written by one of the most foremost authors in the field, this is a necessary read for all managers, human resource workers, and anyone needing to understand and improve their people skills.

Organizational Behavior - J Stewart Black 2019-06-05

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. *Organizational Behavior* is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Organizational Behavior: Required for BUSI 500: Liberty University - Stephen P. Robbins

science, and education. Organizational Behaviour, 6ce is the most student-engaging comprehensive book in the market. It makes OB relevant to students, no matter what their background, work experience or their career goals. MyOBLab is not included with the purchase of this product.

Human Resources Management: Concepts, Methodologies, Tools, and Applications - Management Association, Information Resources
2012-05-31

Human resources management is essential for any workplace environment and is deemed most effective when a strategic focus is in place to ensure that people can facilitate that achievement of organizational goals. But, effective human resource management also contains an element of risk management for an organization which, as a minimum, ensures legislative compliance. Human Resources Management: Concepts, Methodologies, Tools, and Applications compiles the most sought after case studies, architectures, frameworks, methodologies, and research related to human resources management. Including over 100 chapters from professional, this three-volume collection presents an in-depth analysis on the fundamental aspects, tools and technologies, methods and design, applications, managerial impact, social/behavioral perspectives, critical issues, and emerging trends in the field, touching on effective and ineffective management practices when it comes to human resources. This multi-volume work is vital and highly accessible across the hybrid domain of business and management, essential for any library collection.

Leading Project Teams - Anthony T. Cobb 2011-04-06

The Second Edition of Leading Project Teams offers an accessible introduction to the important basics of project management while providing key issues and pointers on team leadership. Easy to read, this engaging book assumes little to no knowledge of project management. Leading Project Teams quickly leads the reader through the fundamentals including how to start a project, how to assign tasks, how to write clear project reports, and much, much more! New to the Second Edition: - New chapter on Risk Assessment - New coverage of running effective team meetings - Offers real world scenarios: Each chapter opens with a real-world project problem faced by a project leader. Selected from a wide range of industries--from academia to business to health care--each situation portrays how project work applies to real project problems in a variety of settings. - Identifies key expectations of project leaders: Concrete advice is given on leading project teams across a number of important leadership issues and on how project leaders should develop and guide project team members. - Provides quick-learning project tools: Many accessible tools are provided to help readers understand the basics of project management such as the work breakdown structure and project scheduling. Extensive coverage on team literature is offered to help students learn the basics of team construction and team dynamics.

Fundamentals of Management - Stephen P. Robbins 2001

Whether the topic is understanding e-business, six sigma, workplace violence, knowledge workers, Internet job searches, or visionary leadership, Stephen Robbins and David DeCenzo cover it thoroughly and in a way that truly captures the issues facing managers in the twenty-first century. Its not enough just to know about management you have to possess the skills to match! With Robbins and DeCenzos new edition, youll learn so much about the real world of management, including: *Why Amazon.com is revolutionizing the book-selling industry *How SiloCaf, a coffee bean processing plant, uses sophisticated technologically-based controls to enhance productivity and ensure consistent quality in its work *Why companies like London Fog are struggling to survive *How teams at Hewlett-Packard redesigned a production process, cut waste, controlled costs, and increased productivity *New techniques that can make a university more efficient and responsive to its students

Leading Change, With a New Preface by the Author - John P. Kotter
2012-10-23

The international bestseller—now with a new preface by author John Kotter. Millions worldwide have read and embraced John Kotter's ideas on change management and leadership. From the ill-fated dot-com bubble to unprecedented M&A activity to scandal, greed, and ultimately, recession—we've learned that widespread and difficult change is no longer the exception. It's the rule. Now with a new preface, this refreshed edition of the global bestseller Leading Change is more relevant than ever. John Kotter's now-legendary eight-step process for managing change with positive results has become the foundation for leaders and organizations across the globe. By outlining the process every organization must go through to achieve its goals, and by identifying where and how even top performers derail during the change process, Kotter provides a practical

resource for leaders and managers charged with making change initiatives work. Leading Change is widely recognized as his seminal work and is an important precursor to his newer ideas on acceleration published in Harvard Business Review. Needed more today than at any time in the past, this bestselling business book serves as both visionary guide and practical toolkit on how to approach the difficult yet crucial work of leading change in any type of organization. Reading this highly personal book is like spending a day with the world's foremost expert on business leadership. You're sure to walk away inspired—and armed with the tools you need to inspire others. Published by Harvard Business Review Press.

Organizational Behavior - Stephen P. Robbins 2013

For undergraduate and graduate courses in Organizational Behavior.

Organizational Behaviour and Human Resource Management - Carolina Machado 2017-10-26

This book focuses on strategic and operational human resources, giving the reader the core curriculum of subjects usually presented in an MBA program specialized in organizational behaviour and human resource management. The topics covered can be applied to a variety of real world business situations. This book aims to contribute to the growth and development of individuals in a competitive and global economy, by covering the latest developments in the field of human resources management. Innovative practices and theories as well as the current policies and practices of HRM are described in this book.

Organizational Behaviour eBook PDF - Stephen P. Robbins 2017-01-16

This second European edition of this classic textbook brings the exceptional introduction to organizational behaviour written by the masters of the subject, and adapts it to meet the needs of students studying in Europe today. Fully updated and revised, this adaptation continues the tradition of making current, relevant research come alive for students, while maintaining its hallmark features – clear writing style, cutting-edge content and compelling pedagogy. This new edition offers real-life examples drawn from a global range of organizations including Google, Cadbury, Apple, Capital One, Microsoft, Lego, Ferrari and more, plus up-to-date insights into the latest research and hot topics from across the world. Key features include: 'Myth or science?' boxes, which provide repeated evidence that common sense can often lead us astray in the attempt to understand human behaviour, and that behavioural research offers a means for testing the validity of common-sense notions. 'OB in the news' which prepares students to recognise and evaluate OB issues which often appear in the news when presented with them in newspapers,

magazines, TV, etc. 'Face the facts': these boxes highlight interesting facts from recent surveys that emphasise key aspects of the text. For example, diversity across Europe, the extent of employee engagement, and the popularity of working in teams. "As a whole, the content of the book is strong, and is well-structured with a European focus." Mohammad Lafiti, Uppsala University, Sweden

Understanding and Managing Organizational Behaviour Global Edition -

Jennifer M. George 2014-09-10

For one-semester, undergraduate/graduate level courses in Organizational Behavior. This title is a Pearson Global Edition. See the hands in the air, hear the roar of discussion—be a rock star in the classroom.

mymanagementlab makes it easier for you to rock the classroom by helping you hold students accountable for class preparation, and getting students engaged in the material through an array of relevant teaching and media resources. Visit mymanagementlab.com for more information.

Organizational Behavior 12Th Ed. - Stephen P. Robbins 2007

Supervision Today! - Stephen P. Robbins 2013-07-23

Appropriate for Supervision, Supervision Management, and Intro to Management. Supervision Today has earned a reputation of being the one of the most effective supervision books because it blends traditional and contemporary topics, as well as theories and experiential skills. Offering a three-tier learning system, it focuses on building readers' knowledge, improving their comprehension and applying concepts directly to skill development. Known for its lively tone and four-color design, it captures the latest in supervision literature and includes cases to invigorate any lecture. This edition includes new information on contingent workforces, entrepreneurship, employee theft, work/life balance, IM, texting, and workplace diversity.
