**Global Corruption Report: Sport** - Transparency International 2016-02-05

Sport is a global phenomenon engaging billions of people and generating annual revenues of more than US\$ 145 billion. Problems in the governance of sports organisations, fixing of matches and staging of major sporting events have spurred action on many fronts. Yet attempts to stop corruption in sport are still at an early stage. The Global Corruption Report (GCR) on sport is the most comprehensive analysis of sports corruption to date. It consists of more than 60 contributions from leading experts in the fields of corruption and sport, from sports organisations, governments, multilateral institutions, sponsors, athletes, supporters, academia and the wider anti-corruption movement. This GCR provides essential analysis for understanding the corruption risks in sport, focusing on sports governance, the business of sport, planning of major events, and match-fixing. It highlights the significant work that has already been done and presents new approaches to strengthening integrity in sport. In addition to measuring transparency and accountability, the GCR gives priority to participation, from sponsors to athletes to supporters an essential to restoring trust in sport.

Rise Together - Adam Sloman 2022-01-31

Rise Together: Coventry City Under Mark Robins examines the rebirth of Coventry City FC from 2017 to 2020. Having sunk to the depths of English football's lowest professional division, the Sky Blues were a million miles from the FA Cup-winning heyday of 1987 and the glitz and glamour of Premier League football. After a decade of decline, a constant churn of managers, coaches and players, the arrival of Mark Robins for a second spell in charge would end all that. Backed by a fanbase desperate for success, winning the 2017 Football League Trophy was just the beginning. Robins would mould Coventry City into a side capable of something few at the club had achieved before - success. That first trophy at Wembley would be followed by two more - victory in the 2018 League Two play-off final, then the League One title in 2020. With off-the-field issues continuing to dog the club, including a second move out of Coventry, the story of Rise Together is one that every football fan will appreciate.

**Holiday Hunger in the UK** - Michael A. Long 2021-08-02

This timely and much-needed book focuses on the phenomenon often referred to as "holiday hunger" in the United Kingdom. The book begins by outlining the history and scope of holiday hunger – the condition that occurs when a child's household is, or will become, food insecure during the summer holidays. The decline of the UK welfare state and the rise of neoliberalism have created a situation where up to three million children in the UK face food insecurity during the summer months when there are extra financial pressures on the working poor and when free school meals are not available. This book details the level of childhood and household food insecurity in the UK and describes one of the main responses to holiday hunger – holiday clubs. These clubs are locally organised and funded and provide a place for children to go to eat nutritious meals for free during the school holidays. Highlighting the benefits of holiday clubs that often extend beyond food provision, this book also discusses the challenges that they face now and in the future. The book concludes with recommendations for food insecurity policy and the role of government in fighting holiday hunger. This book will be of great interest to students and scholars of food and nutrition security, social policy and public health.

The Game of Our Lives - David Goldblatt 2014-11-11

The Game of Our Lives is a masterly portrait of soccer and contemporary Britain. Soccer in the United Kingdom has evolved from a jaded, working-class tradition to a sport at the heart of popular culture, from an economic mess to a booming entertainment industry that has conquered the world. The changes in the game, David Goldblatt shows, uncannily mirror the evolution of British society. In the 1980s, soccer was described as a slum game played by slum people in slum stadiums. Such was the transformation over the following twenty-five years that novelists, politicians, poets, and bankers were all declaring their footballing loyalties. At one point, the Palace let it be known that the queen -- like her mother, Prince Harry, the chief rabbi, and the archbishop of Canterbury -- was an Arsenal fan. Soccer permeated the national life like little else, an atavistic survivor decked out in New Britain flash, a social democratic game in a cutthroat, profit-driven world. From the goals, to the players, to the managers, to the money, Goldblatt describes how the English Premier League (EPL) was forged in Margaret Thatcher's Britain by an alliance of the big clubs -- Arsenal, Liverpool, Manchester United, Chelsea, Tottenham Hotspur -- the Football Association, and Rupert Murdoch's Sky TV. Goldblatt argues that no social phenomenon traces the momentous economic, social, and political changes of post-Thatcherite Britain in a more illuminating manner than soccer, and The Game of Our Lives provides the definitive social history of the EPL -- the most popular soccer league in the world.
